PLAINTIFF KRAMER GIVES TESTIMONY

Subject to Severe Grilling on Stand in Trust Case Yesterday.

OTHER WITNESSES TESTIFY

Stockholder in Plaintiff Company Blames A. T. Methods for Failure of Independent Manufacturers—Jobbing Trade.

(Special Star Correspondence.)

Raleigh, N. C., June 20—J. R. Chamberlain, of the Caraleigh Phosphate Works, Raleigh, gave verbal testimony this morning in the Federal Court, as a stockholder in the Ware-Kramer Co., which is suing the American Tobacco Co., for $1,200,000 damages for trust methods of destroying competition.

Mr. Chamberlain attributed the failure of the Ware-Kramer Co., and its brand of White Rolls cigarettes, to the fight that the American Tobacco Co., made against them with coupons and free goods, concessions that the independent competitors could not meet on anything like a living basis. Mr. Chamberlain was on the stand for about half an hour and broke the monotony of the reading of depositions that has been the order from day to day since the trial began. There were depositions of Thomas B. Scott and Hugh Campbell, of Richmond, setting out much as has been done in previous depositions, the trust methods of destroying competition through coupons, free goods and similar methods, the Campbell deposition going into the details of the trust fight in many parts of the country and more especially the great Philadelphia fight in which the representatives of the trust are charged to have gone into the stores of dealers and spotted independent goods and taken steps directly to have them put off of the market.

There was a deposition from J. H. McHenry, tobacco jobber of Philadelphia, who testified directly that his experience and observation in the cigarette fight was that White Rolls cigarettes made by Ware-Kramer Co., were driven from the market in his territory by the A. T. Co., fight with double coupons, free goods and similar methods.

Plaintiff Samuel Kramer was on the stand all the afternoon and was put through a severe grilling by Attorney Parker for the defense. He recited the business methods and the rise and fall of the company. Retrograde came, he insisted, through Piedmonts with coupons and special deals for free goods by the defendant. On cross-examination he testified that the Ware-Kramer Company made no special inducements in free goods, rebate or otherwise but Parker's cross-examination drew a deposition containing many letters from the Ware-Kramer Company files to show the Ware-Kramer Company offered and gave these special inducements. He insisted the concessions were only to jobbers in territory where they were not maintaining salesmen to offset the expense of salesmen in placing the goods. In the midst of the cross-examination court took a recess to Wednesday morning.

STORMS IN ROBESON.

Damage to Crops and Telephone System—Cooking Contest—Personals.

(Special Star Correspondence.)

Lumberton, N. C., June 20.—Reports here today indicate that considerable damage was done to growing crops by a rain, wind and hail storm which passed over a section about four miles west of Lumberton yesterday evening. Rowland is reported to have had the severest thunder storm and heaviest rainfall yesterday which has visited that section in five years. All but five phones were put out of commission while the toll lines also fared badly. This section was visited by another heavy rain this afternoon.

The co-operative cake contest which was given by Messrs. Caldwell & Carlyle, L. H. Caldwell, J. T. Biggs Co., and J. H. Wishart this afternoon, was a big success. Nearly 300 people viewed the cakes, 39 in number. There were so many nice cakes that it was a proposition for the judges to determine just who were entitled to the prizes. The judges were Mesdames Amos King, Jack Morris and Miss Irene McLeod. The first prize, a barrel of flour, given by John T. Biggs Co., was won by Miss Elizabeth Boon; second prize, a barrel of flour by Mr. L. H. Caldwell, was won by Mrs. A. P. Caldwell; third prize, barrel of flour given by Caldwell & Carlyle, was won by Mrs. W. I. Linkhaw; fourth prize, half barrel of flour, given by Mr. J. H. Wishart, was won by Miss Pearl Humphrey. As a special prize for the young lady under 18 years, baking the nicest cake, McMillan's drug store gave an elegant box of chocolates, which was won by Miss Carrie May Hedgpeth.

It was definitely decided by the Robesonian today to run its excursion to Wilmington Thursday, June 29th.—Capt. J. P. Russell and family, who have been spending a few days in Augusta, Ga., returned home last night.

Miss Annie Ruth Caldwell, who has been spending several days at Wrightsville Beach, returned home this evening.

TAFT'S MESSAGE ABOUT TARIFF

Board Will Not Report on Wool and Cotton Schedules Until December—President's Reply to House Resolution.

Washington, June 20.—In a special message to the House of Representatives today President Taft stated that the tariff board would not be ready to submit a comprehensive report on wool and cotton schedules of the tariff law until December 1st next. He declared the board was instructed, when re-organized in April last, to be ready to report in December and that in the meantime it was not in a position to transmit anything except some figures already sent to the House Ways and Means Committee.

The President's message was called out by a House resolution requesting him to transmit at once of the information procured by the tariff board relating to wool and the manufactures of wool. Mr. Taft included in his message a statement from the tariff board as to the status of its inquiry and also a statement by a committee of the National Tariff Commission Association, which recently conducted an investigation of the methods of the tariff board. This report was highly commendatory of the board's work.

President Taft said he transmitted the House resolution to the board which in reply prepared a statement enclosed.

In his statement the board said that statistics compiled by it from the latest available foreign and domestic sources covering the production, distribution and consumption of raw wools and woolen manufactures had already been transmitted, on request, to the Ways and Means Committee of the House and used by it. The board declares it is conducting an inquiry which involves original research work that is world-wide in its scope. A large amount of material has already been obtained.

"This incomplete information," the board says, "necessarily fragmentary in character if transmitted to Congress would be not only of doubtful utility, but actually misleading. We shall develop the essential facts in relation to both the wool and cotton schedules in time for forwarding to Congress next December; and in this endeavor we are not only working to the limit of the present appropriation but to the utmost capacity of our entire force."

The President says in part:

"This language and an examination of the detailed account of what the board is doing contained therein will show that they have no further information than that which has already been transmitted to the Committee on Ways and Means in any form or condition proper for transmission.

"The board of experts reports to me that they will have a full and complete report on the subject of Schedul K, and its contents, the cost of production of wool and woolens at home and abroad, and also upon the same facts in respect to the cotton schedule by the first of December next, when I shall be glad to submit both to the Congress.

"Meantime, the board is not in a position to transmit anything except teat has already been sent to the Ways and Means Committee."

MANAIC ALARMS COMMUNITY.

John Leubecker, Crazy on Religion, Escapes from Asylum.

Baltimore, Jan. 20.—After a search of 30 hours, John Leubecker, an escaped maniac from Spring Grove Asylum, was re-captured by the police on the Philadelphia road this afternoon.

Leubecker had terrorized the neighbors of Lauraville and Hampton by his presence since last night and the doors and windows of the houses in those suburbs were barred against him and the citizens frightened. His wife stood guard over their home today with a loaded shot gun declaring she would shoot her husband if he made a hostile move toward her. She did not abandon her vigil until assured that he was again safe in custody.

Leubecker had threatened to kill his entire family. He appeared at their house yesterday evening but was driven off by his son who fired in the air when his father demanded entrance.

Leubecker went crazy on religion. He was sent to the asylum after trying to kill his employer.

TAFT EXPRESSES THANKS.

Acknowledgement of Silver Wedding Present Sent by Senators.

Washington, June 20.—A letter of thanks was read in the Senate today from Mrs. Taft in acknowledgement of the silver wedding present sent by Senators. The letter addressed to Vice President Sherman follows:

"The beautiful silver tea service which the members of the Senate have so kindly sent us in remembrance of our 25th anniversary has just arrived, and I hasten to express to you and through you to the Senators, our deep appreciation of their courtesy.

"In conveying our sincere thanks will you kindly add that we shall value the exquisite gift more especially as a souvenir of the kindness and courtesy of the distinguished body of men from whom it comes.

"In sending our cordial thanks, believe us, with kind regards from the President and myself.

"Very sincerely yours,
'HELEN H. TAFT."

Be sure to hear Mr. Tally sing "Good Bye Betty Brown" together with phonograph today at the Grand. **

LORIMER PROBERS ARE BUSY AGAIN

Inquiry Opens With Witness Who Tells of Existing Corruption Fund.

M'CORMICK TAKES THE STAND

Principal Allegation Upon Which Case Was Re-opened Brought Out Yesterday—Hines Incident is Told.

Washington, June 20.—Through its first witness Cyrus H. McCormick, of Chicago, president of the International Harvester Company, the Senate Lorimer Investigating Committee succeeded today in introducing in its record the principal allegation upon which the Senate was induced to re-open the case against the Illinois Senator.

It was to Clarence Funk, the manager of the Harvester company that Edward Hines is alleged to have made the request for a contribution of $10,000 as part of a fund of $100,000 to be raised in Lorimer's behalf. Mr. McCormick said Funk told him of this proposition and also said that he had refused and by his refusal had won his (McCormick's) commendation.

Mr. McCormick said further that the Harvester Company had made it a practice to hold aloof from politics and to avoid efforts to influence legislation. Taking this as a clue the counsel for Senator Lorimer sought to show that in many States the company had made an effort to prevent the passage of bills considered objectionable to it. The witness admitted that the company had made general opposition to legislation providing for the manufacture of binding twine in prisons.

For the day Mr. Lorimer was represented by William J. Hynes, of Chicago, whose primary purpose in attending the meetings is to represent Edward Hines, the Chicago lumber man, whose name has been brought into the case as that of the originator of the alleged fund of $100,000 in Lorimer's interest. In view of the absence of Judge Elbridge G. Haney, Mr. Lorimer's personal counsel, the committee permitted Mr. Hynes to represent the Senator at today's hearing.

By this course Mr. Hynes made it clear that it is the intention of Mr. Lorimer to neglect no line of defense. Although Mr. McCormick's testimany against the accused was of heresay character only, the attorney sought by every means in his power to break it down. The evident purpose was to show a general motive for the opposition to Mr. Lorimer and to connect the Harvester Company with it.

Little interest was manifested in the proceedings. Among the onlookers were former Senator Hopkins, whom Mr. Lorimer succeeded, and Manager Keeley, of the Chicago Tribune, which published the first charges of irregularities in Lorimer's election. They were in consultation with the committee after the hearing adjourned.

All the members of the committee except Senator Lea were in attendance and he was detained through his wife's illness.

The committee will meet next at 1 P. M. Thursday.

STATE B. & L. LEAGUE.

Annual Convention in Session at Newbern — The Entertainment.

(Special Star Telegram.)

Newbern, N. C., June 20. — This morning at 10 o'clock the eighth annual convention of the North Carolina Building and Loan Association convened in this city with about 30 delegates present from all over the State.

Upon the arrival of the delegates on the eastbound train they were met at union station by the local members of the organization and were escorted in automobiles to the Gaston Hotel where they partook of a light luncheon and hastened to the Court House, where the business of the convention was to be transacted.

Mayor C. J. McCarthy, had been chosen to deliver the address of welcome on behalf of the city but he was compelled to leave the city to attend to some business matters previous to the meeting and could not be present. In his absence Hon. R. A. Nunn welcomed the visitors to the city in a few well timed remarks. Hon. S. M. Brinson delivered the address of welcome in behalf of the Building and Loan Association of Newbern.

The response to the address was by Jno. W. Gullege, Esq., of Wadesboro. He gained the undivided attention of the entire audience and when he closed the applause was loud and prolonged. First Vice President G. A. Follin, of Winston-Salem, then made a short address in which he directed the deliberations of the convention. He was followed by Mr. E. L. Kessler, of Charlotte, who is secretary and treasurer of the association and also a number of others from different cities in the State.

At 12 o'clock the meeting adjourned and members were carried to the Gaston Hotel where a bountiful luncheon was served them. During the afternoon they were carried down Neuse River several miles on the house boat Comfort. Tonight another business session is being held.

DESIRES REVOLT TO SUCCEED

Mexico's Former President Arrives at Havre and Speaks Anxiously of His Country—The Message of Good Will.

Havre, France, June 20.—"I desire with all my heart that the revolution may succeed so that the people of Mexico may suffer the least possible. That is my feeling of peace at this moment. I love this Mexico which I have built up by years of faithful toil and I wish it to endure in peace."

This was the message of good will and peace former President Diaz who arrived here today aboard the steamer Yperanga, wished the Associated Press to convey to the Mexican people. He declared, however, that he could not predict the result of the Mexican revolution. Mr. Diaz could not say whether or not he would return to Mexico. Upon his arrival here he was officially received on behalf of France. He left this evening for Paris from whence he probably will go to Switzerland.

Gen. Diaz has not the slightest feeling against the United States, which country, he said, did its best for prevention of complications in Mexico.

Gen. Diaz said he wished to deny that he made the statement while at Vigo attributed to him by the Paris Temps that the Mexican revolutionists had already squandered $31,000,000 of the treasury reserve fund.

BIDS FOR NAVAL COLLIERS.

Lowest Submitted by Maryland Steel Co., Yesterday.

Washington, June 20.—The Maryland Steel Company, of Baltimore, today submitted the lowest bid for the construction of two naval colliers, exclusive of the eight hour law, their figure being $951,000 for each. The company did not bid for the construction of the other two colliers, which must be built subject to the operation of the eight hour law.

The Newport News Shipbuilding Company alone submitted bids for the construction of all four of the ships, two without the labor restriction at $975,000 each and two under the eight hour law for $995,000. As the ships are to be precisely alike, the figures show the estimate placed by shipbuilders upon the workings of the eight hour law as equivalent to an increase of $20,000 for each.

The New York Shipbuilding Company, of Camden, sent a formal declination to bid upon the colliers on the ground that they could not be built within the appropriation of $1,000,000 each.

Owing to the fact that in every case the bidders submitted their own plans, it is at present impossible to say which of the bids will be regarded by the Navy Department as the more advantageous.

The New York Shipbuilding Company, of Camden, was the lowest bidder for the construction of two 1,100 ton seagoing tugs at $194,000 each.

SHADOW OF CRIPPEN CASE.

Attorney of Doctor May Lose Place in Law Society.

London, June 20.—Arthur Newton, the attorney for Dr. Hawley H. Chippen, who was hanged for the murder of his American wife, the actress, Belle Elmore, has been found guilty of professional misconduct in connection with the notorious case by a committee of the Law Society and today the divisional court was requested to strike Newton's name from the roll of solicitors of the Law Society. The court adjourned without announcing its decision. The charges against Newton are that he abused his privileges as a lawyer by aiding and abetting Horatio W. Bottomley, member of Parliament for the south division of Hackney and the editor of a weekly publication; and also aided the Daily Chronicle to publish false statements regarding the case. These statements, it is alleged, as well as a letter purporting to have emanated from Crippen while he was in Pentonville jail, Newton caused to be published knowing them to be false, and with a view to deceiving the public and court.

Newton is a well known and successful criminal advocate, and before undertaking the defense of Crippen had been connected with many cases of a sensational character.

OUTLINES.

The Underwood wool tariff revision measure was passed by the House yesterday. The bill has been under consideration for several weeks and the debate was marked by much bitterness——The Lorimer Investigating Committee reopened the inquiry yesterday. The first witness was Cyrus McCormick, president of the Harvester Machinery Company, who told what he knew of the corruption fund in Illinois——Former President Diaz, of Mexico, arrived yesterday at Havre, France, where he stated that he desired that the revolution in Mexico would prove successful. He spoke anxiously of the conditions in his country——President Taft left Washington yesterday for New Haven, Conn., where he will attend Yale College commencement —— President Taft yesterday sent a special message to the House with reference to the forthcoming report of the Tariff Board——New York markets: Money on call, steady, at 2 1-4 to 2 3-8 per cent.; ruling rate, 2 3-8; closing bid, 2 3-8; offered at 2 1-2; spot cotton closed quiet, ten points higher; middling uplands, 15.40; middling gulf, 15.65; flour was firmly held with moderate demand; wheat, spot, strong; No. 2, red, 96 3-4, elevator, and 97 3-4 f.o.b. afloat; corn, strong; export, new, No. 2, 63ffl, nominal, f.o.b. afloat; oats, firm; standard white, 46; rosin and turpentine, quiet.

CORONATION EVENT ONE OF GRANDEUR

Notables From all Parts of World at Buckingham Palace Banquet.

KING AND QUEEN ENTERTAIN

Shakespeare Ball Attended by Eminent Personages—Many Notable Features Marked Second Day—The Assemblage.

London, June 20.—The most regal banquet palace of King or Emporor ever witnessed and a gorgeous Shakespeare ball, under the auspices of noted society leaders stand forth as shining features of the second day of Coronation week. The banquet in Buckingham Palace tonight was a scene of imperial grandeur so far as the assembly of royal and eminent personages, the setting of costly, magnificence and beautiful decorations could combine to make it.

The King and Queen entertained the visiting and English royalties, all the special foreign delegations, the foreign ambassadors and cabinet and former cabinet members, the heads of the church and judiciary and of the army and navy.

The two largest apartments in the palace, the ball room and the picture gallery which adjoin, were utilized as a banqueting hall. On the tables was displayed the royal gold plate, used only on historic occasions, the cost of which is estimated at $15,000,000 and its weight eight tons. This plate for the most part was collected in the reigns of the four Georges and the principal pieces is a massive peacock captured in one of the Indian wars, whose tail is studded with diamonds. Cut glass worth a fortune, ivory decanters, hundreds of years old, and old wines dating back more than a century were on the board.

The gallery holds more than 800 pictures. The decorations of both rooms are largely gilt, and this back ground was embellished with banks of palms and giant lilies, while orchids, roses and ferns were stacked on the tables. Yeomen of the guard ranged about the walls and all the diners wore their richest uniforms, decorations, gowns and jewels.

The Shakespearean ball was held in Albert Hall, which was elaborately decorated. The dancers numbered thousands, while 400 boxes were occupied by the representatives of foreign nations and the most prominent British officials.

As many as 20 quadrilles were danced simultaneously, the participants representing groups of characters from Shakespeare's plays. Leading actors and actresses took part in these quardrilles along with the leaders of the smart set. The Duke and Duchess of Connaught, Prince Louis and Princess Victoria, of Battenberg, Prince Alexander, of Teck, Prince Henry of Prussia, and the Princess, the German Crown Prince Frederick William and the crown Princess, the Turkish, Russian, Austrian, Japanese, Greek, Danish and American representatives were present.

These functions were only part of the day's events. In the morning the King received most of the foreign envoys formally. In the afternoon with the Queen he went through a rehearsal of the coronation at the Abbey, and later gave a special audience to John Hays Hammond, who presented to his majesty a letter from President Taft wishing the King a long life and reign. The King also received the Chinese, Japanese, Turkish and Persian envoys, who presented decorations from their sovereigns.

The other important events of the day included luncheons to the dominion premiers and mayors, a party by the Duke and Duchess of Devonshire, and a review of the colonial troops by War Secretary Haldane.

This has been a perfect Summer day and the population is transformed as nearly to carnival spirit as Englishmen ever could be. Countless electric globes raised into various designs illuminate the streets which from curb to curb are filled with hundreds of thousands of people.

As the outcome of an appeal by the Duke of Devonshire to "the gentlemen of England," to realize at this time their responsibilities to the Empire, a meeting was held tonight in Queens Hall. Patriotic speeches were made and a message of loyalty was sent to the King.

One of the most interesting features of the coronation is a compact by the established and free churches for joint services in many cities. This is the first time that the two bodies have united in scuh a scale for any purpose.

Much attention is being paid to the officers and men of the American battleship Delaware which is now anchored with the other foreign warships at Spithead. Captain Charles A. Gove, and the six senior officers of the Delaware, will come to ——n tomorrow as the guests of the admiralty to attend the coronation. Captain Gove will be given a place in the Abbey, while the other officers will have seats in the admiralty stand to view the procession. During their stay in London they will be at the Naval College at Greenwich. An extensive series of entertainments has been arranged for the days following the review, including athletics sports, theatre parties, garden parties, banquets and motor rides, the scheme of decoration of Stratton House which W. L. Burdett-Coutts has loaned to John Hayes Hammond, the special ambassador of the United States, is one of the prettiest and most elaborate in the route of the coronation procession. The whole front of the house is covered with scarlet ramblers, the roses being arranged in the shape of a crown and the initials G. M. For illuminations the house is outlined in vari-colored electric lights, with the eagle and the stars and stripes within a circle of light.

Mrs. Robert Bacon, wife of the American ambassador at Paris, with her family, arrived here this evening and will be the guest of J. Pierpont Morgan during the Coronation festivities.

Many of the most notable Coronation guests have been in London for a week or more, but during the past two days special trains have brought scores of foreign representatives to the capital.

THE STATE MEDICAL SOCIETY

Fifty-Eighth Annual Session Begins in Charlotte—Preliminary Addresses and Presentation of Many Papers.

(Special Star Telegram.)

Charlotte, N. C., June 20.—The 58th annual session of the North Carolina Medical Society was called to order in the Mecklenburg Court House at 11 o'clock today by Dr. E. C. Register, chairman of the local entertainment committee, with about 300 physicians present, and a fine outlook for an attendance greater than that of any prior convention.

Addresses of welcome were extended to the distinguished visitors by Mayor Chas. A. Bland, of the city, and Dr. J. P. Munroe, president of the North Carolina Medical College, in behalf of the local doctors. The latter address was in addition to being a welcome also a fine summary of the medical profession as seen from the viewpoint of one of its members. To Dr. E. T. Moore, of Elm City, fell the duty of making response to the addresses of welcome. Mr. Moore opened up with a fine vein of humor and concluded with a more serious discussion of medicine, and the doctor's reward, his speech being considered one of the finest of the day.

The opening session ws concluded with the presentation of several of the many formal papers to be read during the three days' meeting.

Tonight the North Carolina State Board of Health is holding the fort, and an organization launched last night, is being perfected to be known as the North Carolina Public Health Association, to embrace county officials, county superintendents of education, and all who can aid in educating the people along the lines of health.

For part of the time Wednesday double meetings of the different sections will be held and a vast volume of technically prepared matter presented.

BIG DEAL CONSUMMATED.

Southern Iron and Steel Company and Alabama Concern Consolidated.

New York, June 20.—Consolidation of the Southern Iron & Steel Company and the Alabama Consolidated Coal & Iron Company, has been consummated, it became known late today, but official details are withheld until the European capitalists identified with the merger project have signified their approval. This, it is expected, will soon be forthcoming.

It is known that the new company will have an authorized capital of $27,000,000, of which $12,000,000 will be 6 per cent. preferred stock, and $15,000,000 common stock. Bonds to the amount of $5,000,000, bearing 6 per cent. interest will be issued and it is understood that London and Amsterdam bankers will take the major share.

GEORGIA FARMER MURDERED.

Cruelly Attacked and Slain With Axe by Negro Laborer.

Quitman, Ga., June 20.—W. P. Doles, a prominent farmer living near here, was attacked by a negro turpentine hand today and cut to death with an axe. Doles, with a neighbor named Morrow, both unarmed, went to see the negro about some work which he had promised but had failed to do. When they approached the negro seized an axe and struck Doles twice in the back, inflicting fatal injuries. As the dying man lay on the ground the negro struck him several blows on the head with the axe.

Posses with dogs are scouring the country in search of the negro, who made his escape while Morrow was away summoning assistance.

SILVER WEDDING MESSAGES.

More Received by President and Mrs. Taft Yesterday.

Washington, June 20.—Delayed telegrams and cable messages to the President and Mrs. Taft expressing congratulations on the anniversary of their silver wedding, which was celebrated last night continued to reach the White House today.

Fully 1,000 telegrams were received today from Jewish societies, dignitaries of the Catholic Church, religious conventions, military organizations and many public men. Congratulations from Governor Dix and Mayor Gaynor, of New York; John D. Rockefeller, Jr., Governor Osborn, of Michigan; James J. Hill and many others were in the number.

WOOL TARIFF BILL PASSED BY HOUSE

Favorable Action on Underwood Revision Measure After Long Debate.

MEANS REDUCTION OF DUTY

Twenty-Four Republicans Voted With Democrats—Many Amendments Offered and Voted Down—Lively Day in House.

Washington, June 20.—The House of Representatives by a vote of 221 to 100 today passed the Underwood wool tariff revision bill providing for a reduction of the duty on wool and manufactures of wool. Twenty-four Republicans voted with the Democrats for the passage of the measure and one Democrat, Representative Francis, of Ohio, voted against it.

Many amendments were offered and voted down, the only one adopted being a slight change in phraseology. Almost five hours were spent by the House in debate under the five minute rule. Immediately preceding the final vote, a motion offered by Representative Payne, of New York, that the bill be re-submitted to the Ways and Means Committee with instructions that it avail a report from the tariff board on the woolen industry before making final report of the bill was lost by a vote of 189 to 118.

Representative Underwood, chairman of the Ways and Means Committee, and in charge of the bill, kept his forces well together in their opposition to all amendments. While some Democrats opposed amendments with one exception they voted with the party when the bill came to passage.

Representative Gray, of Indiana, offered an amendment to place raw wool on the free list, instead of 20 per cent. ad valorem as the bill provides, and to re-commit the bill to the committee with instructions that manufactures of wool be reduced to 20 per cent. ad valorem. This was lost.

Representative Murdock, one of the insurgent Republicans, who finally voted for the bill, proposed several amendments placing certain grades of wool on the free list. His purpose in these amendments, he stated, was to give to the American people protection from the worsted trust by making free "those articles which enter into the manufacture of trust controlled woolen products."

Mr. Murdock appealed to Representative Harrison, of New York, a Democratic member of the Ways and Means Committee, and to others of the party who had favored placing wool on the free list, to support him. Mr. Harrison replied that he would "vote for the bill, although he would have placed raw wool on the free list if his personal desires had prevailed."

After the bill had passed a message was read from President Taft in response to a request which had been made for certain information from the tariff board in regard to the woolen question. The message stated that the desired information could not be furnished at this time.

The Republicans who voted for the bill were Representatives Anderson, Anthony, Campbell, Davis, of Minnesota; French, Haugen, Helgesen, Jackson, LaFollette, Lenroot, Lindberg, Madison, Miller, Morse, Murdock, Nelson, Norris, Rees, Sloan, Steenerson, Stephens, of California; Volstead, Wools, of Iowa, and Young, of Kansas.

The bill places a duty of twenty per cent. ad valorem on raw wool imports as against an average duty of a little more than 44 per cent, ad valorem under the present law. On partly manufactured wool and on products manufactured in whole, or in part from wool the average duty under the proposed law would be about 42.5 per cent. ad valorem as compared with the present average ad valorem duty of more than 90 per cent. The Ways and Means Committee has estimated that the bill would reduce the annual revenue under the woolen schedule of the tariff by a little more than $1,000,000.

The bill prescribes that it shall be in effect January 1st next, but it is not believed that the bil will pass the Senate at this session.

PROBE "CHRONIC TITLETIS."

May Inquire Into Disease of Trust Made American Women.

Washington, June 20.—Investigation of "chronic titletis," described as a disease of "rich, trust made American women," is urged in a resolution introduced in the House today by Representative Sabath, of Illinois, who would have the State Department inquire why only two dozen American peeresses have been granted permission to take part in the coronation ceremonies in London and to ascertain the amount this country is sending across the Atlantic annually to maintain the titles.

After demanding that light be thrown on the discrimination shown against the other American peeresses, the resolution calls for information as to the number of unhappy marriages and the amount of American money being spent in the chase after coronets. The information, says the resolution, is desired so that this government may judge "to what extent our country is being benefitted by this trade."

Washington	20	34	.455
Cleveland	24	35	.407
St. Louis	16	41	.281

Detroit, June 20.—Detroit knocked Mitchell out of the box in less than two innings today and this, coupled with brilliant base running, caused Cleveland's defeat 8 to 3. Krapp, who relieved Mitchell, pitched splendidly.

In fielding practice before the game, Turner wrenched his back and will be out of the game for some time.

Cleveland .. ...001 001 100—3 14 4
Detroit .. ..250 010 00x—8 10 3

Mitchell, Krapp and Land and Fisher; Lively and Stanage. Time 2:07; Umpires Perrine and Dineen.

New York, June 20.—New York pounded out nine hits and scored seven runs in the last two innings today and nosed out Boston 9 to 8. Chase drove in the winning run with a hit which would have been a home run if it had not sent a man in from third and ended the game. The visitors did some brilliant fielding. Ford was hit briskly and lasted only three innings.

Boston ....110 001 401—8 10 2
New York .... ..200 000 025—9 15 3

Hall, Pape and Nunemaker; Ford, Vaughn and Sweeney. Time 2:05. Umpires Connolly and O'Loughlin.

St. Louis, June 20.—Chicago hit the local pitchers hard, took advantage of errors and had little trouble winning two games from St. Louis today. In the first game the visitors batted Lake and Mitchell out of the box winning 6 to 3. The second game was a slugging match, the final score being 13 to 6.

Coast Line Work at Savannah.

The Savannah Morning News: "Satisfactory progress is being made on the erection of a turn-table, additional roundhouse structures and office buildings on the Atlantic Coast Line's property at Southover Junction. The work is being done under the direction of Chief Engineer E. B. Pleasants of the Coast Line. The work will be finished within six months. The removal of the line's roundhouse from East Broad street will reduce considerably the train traffic through the city. The cost of the improvements will be about $150,000."

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hayfever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

PAVING MATERIAL ORDERED.

Work of Improving City's Streets to be Pushed Rapidly as Possible.

Orders were placed Monday for ten cars of granite curbing and six cars of granite rock, and announcement has been made from the office of Councilman Parker Q. Moore, in charge of the streets, that the work of permanently improving the thoroughfares of the city will begin immediately. The principal streets will receive attention first, as fast as they can be reached.

Deliveries of the granite rock are to be made at the rate of six car loads a week and as fast as the material is received it will be placed by the workmen, under the direction of Capt. Oscar Grant, city superintendent of streets. The materials have been ordered from the Carolina Cut Stone Company, of this city, and the North Carolina Granite Company, of Mt. Airy. The granite is recommended as a serviceable material and it is thought that it will give thorough satisfaction.

A number of the city's streets have already been repaired to some extent. Among those which have received attention are blocks on Nixon from Fifth to Ninth; Seventh from Market to Dock; Third from Ann to Nun; Castle from Sixth to Seventh, and Fifth from Market to Dock, as well as several others.

The department of streets expects to push the work as rapidly as possible, for the streets have been sadly in need of repairs for many months. The public will doubtless hail the improvements with relief, if not positive rejoicing.

IMPROVEMENTS AT LUMINA.

Added Conveniences for Ladies' Bath Rooms—Mr. Harris Arrives.

In line with its policy of constantly improving its service and overlooking nothing that would add to the comfort and convenience of its patrons, the Tidewater Power Company is this week making a number of changes in the ladies' bath rooms at Lumina, the company's handsome pavilion at the terminus of the beach line. Individual mirrors and electric lights are being installed in each room, two conveniences that will doubtless be appreciated by the ladies.

Mr. W. Henry Harris arrived Monday from Charlotte to take charge of the dispensing department at Lumina. He will have supervision of the mixing and dispensing of soft drinks at the refreshment parlors. Mr. Harris is an expert in his line, having been connected with the soda fountain department of R. H. Jordan & Co., in Charlotte, for the past seven years.

Three expert life savers from Cape Lookout are now on duty at Lumina. They are the Messrs. Yeomons and Mr. Lewis, and those who have witnessed their handling of the lift boat can easily perceive that the men know their business thoroughly.

Death of Little Son.

Friends of Mr. and Mrs. R. D. Smith, No. 419 Bladen street, will be grieved to learn of the death of their 11-months-old son, Harold R. Smith, which occurred early yesterday morning. The funeral will be conducted from the home this morning at 10 o'clock, by Rev. Chas. F. Whitlock, pastor of Brooklyn Baptist church, assisted by Rev. W. L. Rexford, pastor of Bladen Street Methodist church. Mr. and Mrs. Smith will have the tenderest sympathy of many friends in their sad bereavement.

MRS. J. S. CANADY DEAD.

Former Resident of Wilmington Passes Away at Swansboro.

The many Wilmington friends of Mrs. A. E. Canady, wife of Mr. J. S. Canady, formerly of this city, will be deeply grieved to learn of her death, which occurred yesterday morning at her home in Swansboro, after a short illness of typhoid fever. The body will be brought to Wilmington today on the noon train from Newbern, and the funeral will be conducted from the home of her daughter, Mrs. W. T. Mercer, No. 208 South Ninth street, this afternoon at 4 o'clock. Rev. Mr. Hall, pastor of Southside Baptist Church, of which Mrs. Canady was a devout member during her residence in this city, will conduct the services. Interment will be in Bellevue cemetery.

Mrs. Canady was a woman of fine Christian character and was loved and admired by a host of friends in this city and section. She is survived by her husband, two sons, Mr. Jessie Canady, of Cascade, Colo., Mr. Will Canady, of Oriental, and two daughters, Mrs. W. T. Mercer, of this city, and Mrs. Ruth Heddy, of Norfolk, Va., all of whom will have the deepest sympathy of many friends in their bereavement. Mrs. Mercer was with her mother when the end came.

Negro Boy Accidentally Shot.

John Everett, a little negro boy whose home is at Cronly, was brought to the James Walker Memorial Hospital yesterday morning suffering from the effects of a shotgun wound in the breast and shoulder. The weapon was leaning against the wall in the boy's home, and in some way it fell to the floor and was discharged, the entire load taking effect in the lad's body. The wound was dressed and it was stated last night that boy was getting along very nicely and was out of danger.

MRS. LUKE LEA IMPROVES.

Transfusion Operation Success—Senator Walking Around.

Washington, June 20.—Mrs. Luke Lea, whose life was despaired of until the transfusion of blood from her husband, Senator Luke Lea, of Tennessee, on Sunday, was decidedly better today, while Senator Lea, greatly weakened by loss of blood, he gave up in the heroic effort to save his wife's life, was able to walk about. He will be able to leave the hospital in a few days.

Mrs. Lea, though still in a critical condition, has rested comfortably since the ordeal and according to her attending physician, is gaining strength.

NATION-WIDE ENDORSEMENT.

Sought by American Peace Societies on European Treaty.

New York, June 20.—More than a score of peace and arbitration societies joined today in a call for nation-wide endorsement of the proposed arbitration treaties with European nations at religious services and other gatherings on Sunday, July 2, and in connection with independence day celebrations two days later. The call asks that religious, education and patriotic organizations on these two days endorse the arbitration treaties in appropriate services, addresses and resolutions and to give support to all other measures looking toward international peace and good will.

BISHOP'S RETREAT AT BEACH

Annual Meeting of Clergy of Diocese of East Carolina Convened Yesterday With Good Attendance.

With a good attendance the annual Bishop's Retreat, conducted each year by Rt. Rev. Robert Strange, Bishop of the Diocese of East Carolina, convened yesterday morning at Wrightsville Beach and will continue through several days. The services are being held in the Wrightsville Beach Chapel. The primary purpose of the Retreat is to give the clergymen an opportunity to exchange ideas as to religious work. There will also be numerous opportunities for recreation, as the afternoons and evenings are left open for this purpose.

All those attending the Retreat are stopping at the Parsley Cottage, with rooms in the Bonitz Cottage. Those who have arrived thus far are: Bishop Strange, the host and leader; Rev. John R. Matthews, of Ohio, who has been conducting a series of mission services throughout the Diocese the last six months; Rev. Wm. H. Milton, of St. James, Wilmington; Rev. S. B. Lassiter, of Hertford; Rev. J. H. Griffith, of Kinston; Rev. J. W. Fulford, of Jesama; Rev. E. L. Malone, of Belhaven; Rev. W. R. Noe, of Windsor; Rev. N. C. Duncan, of Hope Mills; Rev. Thos. P. Noe and Rev. W. E. Cox, both of this city; Rev. C. F. Smith, of Elizabeth City; Rev. J. E. Williams, of Clinton. Rev. Dr. Pittinger, of the Church of the Good Shepherd, of Raleigh, is a visitor present.

The clergymen enjoyed a supper on Monday evening and yesterday morning at 7:45 a celebration of the Holy Communion was observed. Bishop Strange officiated, assisted by Rev. W. E. Cox, of this city. At 10 o'clock the first formal meeting of the Retreat was held. The feature of the session was a very profitable study of the Sermon on the Mount. A study similar to this one will occupy the attention of the clergymen the first hour of every day while the Retreat is in session. The problems of the modern Sunday School were under consideration from 11 A. M. to 12:30 P. M. A most comprehensive sketch of the early history of the Sunday School movement was given by Rev. Thos. P. Noe, of Wilmington. Rev. W. E. Cox, of this city, read an instructive and interesting paper, "The Development of the Sunday School Movement During the Last Twenty-five Years." Order and discipline in the Sunday School was the subject of a very helpful paper read by Rev. W. R. Noe, of Windsor. A most instructive general discussion followed the reading of these papers.

A recess was taken from 12:30 to 1 P. M. From 1 to 2 P. M. the clergymen devoted themselves to an informal consideration and discussion of the bearing and conduct of the minister in his daily life. The remainder of the afternoon was devoted to the many different forms of recreation that the popular resort affords.

The clergymen are enthusiastic over the prospects of making this the most successful gathering yet held under the direction of Bishop Strange.

Looting the Family Pocket-Book

Facts about the Leather Trust and the Bad Quality of Shoes

What under the sun is the matter with leather nowadays!

Bennie's shoes are almost off his feet again.

Mamie's and John's can't last much longer—the way they are wearing out.

And those shoes were new only a few weeks ago!

Well—what can you expect when the shoe manufacturers of this country are in the grip of the Leather Trust?

The **Leather Trust** is the matter with leather.

Shoe leather to-day is no more what it was when you and I were boys than shoddy is good straight woolen.

It has not the substance—the stamina to make a dependable, long-wearing shoe.

It is starved in the tanning and finishing—tanned with hemlock in place of oak, with chemicals, with anything that will cheapen the tanning.

Leather Trust's Greed for Profits

The shoe troubles of the American people are due largely to one cause—**the Leather Trust's greed for exorbitant profits.**

Nobody will deny that a tannery has a right to a profit.

You as a business man certainly would concede the Leather Trust a generous return on its investment and on its cost of delivering the goods.

But, as a shoe wearer, you know that it is **not** delivering the goods.

The ordinary shoe manufacturer cannot protect you. He has to accept Leather Trust leather, and do the best he can with it. The only wonder is that he does as well as he does.

Your shoe dealer cannot protect you so long as he sells shoes made of Trust leather.

But you can do everything to protect yourself. You can buy your shoes independent of all Trusts and middlemen.

You, your friends and neighbors, and the other folks of this town can go to the local dealer who carries Endicott-Johnson shoes.

This Firm Independent of Trust

Endicott, Johnson & Co. are the only shoe manufacturers in America **who get their leather independent of the Leather Trust.**

They own their tanneries. They tan every pound of leather they put into their shoes. They tan every lot of hides with an eye to the shoe that is to be made of it—perfect the leather for the kind of service it is to give.

The Endicott-Johnson plant is the one place in America where you can see shoe leather tanned by good old-fashioned standards of service to the folks who wear the shoes.

Honest Shoes at a Fair Price

Endicott, Johnson & Co. will tell you—what the Leather Trust never will tell you—that it is perfectly feasible to tan an honest leather, make it up into a stylish, serviceable shoe and sell it at a moderate price.

They will prove it to you by saving you 50 cents to $1.00 on every pair of shoes you buy—and give you leather that you simply cannot get in any other shoe.

"Hide to Foot" Policy—No Profits to Trusts

Endicott, Johnson & Co. buy their hides in the open markets of the world.

They build their shoes **complete** on the premises—"from the hide to your foot"—cutting out the profits of the Hide Trust, the Leather Trust and the Leather Jobber.

They sell their shoes **direct** to 30,000 retail shoe dealers—cutting out the profits of the Shoe Jobber.

Endicott, Johnson & Co. will sell you—**through your home dealer**—their ENDWELL (Goodyear Welt) shoe at $3.00, $3.50 and $4.00.

They make lines that sell for more money—and still other lines at a lower price.

You can buy Endicott-Johnson shoes for men, women and children—shoes for business and street wear, work shoes, dress shoes, school shoes for boys and girls.

ENDWELL—the Stylish Shoe

ENDWELL shoes are stylish shoes—designed by the most skilful shoe designers in this country.

Better than that, they hold their style because the **leather** is there. Sturdy, honest leather—all the stretch taken out—not a shoddy spot anywhere.

ENDWELL shoes are made in **two hundred styles**—Lace and Button—High and Low Cut—all the fashionable lasts—all the shapes of toe.

Finished to a nicety inside as well as out. Good fitting—"glovey"—easy to the foot.

And they wear as good shoes ought to wear. **That's** the point! Remember it. **Look** for the name stamped on every shoe.

If your dealer does not sell these shoes, fill out the attached coupon and mail to Endicott, Johnson & Co., Endicott, N. Y.

AFFAIRS AT STATE CAPITAL

Onslow Setting the Pace for Good Roads—Wilkes' Fine School Record—Special Court for Pender—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., June 20.—Onslow county is setting many other counties in the State an example in the encouragement of road building and the quickening of public sentiment for good roads in that the commissioners have decided to have constructed in each township in the county one mile of standard sand-clay road as an object lesson for education in the value of good roads.

Representative E. M. Koonce, of Onslow, is here to arrange with Dr. Joseph Hyde Pratt for a competent road engineer to be sent to Onslow to advise and co-operate in the location and construction of these special roads.

Wilkes county is now enjoying the enviable distinction among North Carolina counties of having more rural school libraries, more members of the public school teachers' reading circles than any other county in the State. Also, there is only one county, Guilford, that has more local tax districts and Guilford has only one more than Wilkes. There are over 1,100 local tax districts in the State.

Governor Kitchin orders a special term of Pender county court to be convened July 17th, for one week to try civil causes. Judge Ferguson is to preside.

State Chemist B. W. Kilgore was preparing this morning to leave for Charlotte to testify in the case of Charlotte vs. Virginia Carolina Chemical Co., in the suit in which Charlotte seeks to have the Charlotte plant of the company declared a nuisance. However, notice came for him to defer his trip until he is notified further.

Governor Kitchin announces a reward of $100 for the arrest of Enoch Oocumba, a Cherokee Indian of Jackson county, wanted for the murder of Abram Driver, another Cherokee, on February 22nd, the murder being represented to the Governor to have been especially brutal.

In connection with the extending of numerous congratulations to Assistant Clerk of the Supreme Court Joseph L. Seawell on there being born to him a fine pair of twins, it develops that out in St. Matthews township, Wake county, where Mr. Seawell lives, on a good farm, driving to and from the Supreme Court offices each day, there have been born since March, this year, five sets of twins. Mr. Seawell insists that there is no indication as yet of any movement on the part of any of the St. Matthews families to break up and move to other sections.

Mrs. Annie O. Eatman, the dressmaker whom the "Gypsy fortune tellers", one of whom, Madam Hunter, with many aliases, is now under $2,500 bond in Baltimore pending determination as to whether she shall be returned to Raleigh to answer the charges against her, has made a statement as to how she was "worked" by the fortune tellers. Madam Hunter had an accomplice, Mrs. Ed Williams, or Mrs. Gray, who seems to have really played the principal role in duping Mrs. Eatman. She is now wanted in Norfolk for fleecing a number of people there. Mrs. Eatman says Madam Hunter came first to her house, giving her name as Mrs. Slayman. She claimed to be looking for some boarding house in the neighborhood. She looked at Mrs. Eatman and insisted that she could see it in her face that she was in deep trouble; that she could read in her face that her son was in deep trouble; in fact, was about to be put in the penitentiary, and that she could keep him out if Mrs. Eatman would raise $290 for her. Mrs. Eatman assured her that she could not raise the money and during a later visit she did induce her to give her $100. On a third visit to the Eatman home Madam Hunter was accompanied by "Mrs. Gray," who, Mrs. Eatman says, hypnotized her to such an extent that she was powerless to resist doing anything that she was told to do. The woman had her to do sewing for them from time to time amounting to $57, and then they made her write a receipt for it without one cent of pay. In addition to the $100 that Mrs. Eatman had paid to Mrs. Hunter, "Mrs. Gray" forced her, as Mrs. Eatman claims, through hypnotic power over her, to raise $700 more. Then they attempted to get from her a $200 diamond ring that belonged to her son and some silver tableware that her deceased husband had given her, but she refused to do this. On the occasion of their last visit they told Mrs. Eatman that there had been buried at the root of a huge oak tree in her yard $14,000 in gold and that at a certain time this fortune would appear on top of the ground. They told her, too, that they would be back to see her on a certain date and that she must save them 25 per cent. of the $14,000. This was the last Mrs. Eatman ever saw of the two. Finally she became convinced that she had been imposed upon and reported the matter to influential friends and to the police with the result that the Hunter woman has been arrested.

President M. L. Shipman, of the North Carolina Press Association, telegraphed an invitation to William Jennings Bryan to address the Association at Lenoir next week when the editors meet in annual session, and has just received a reply from Manning, S. C., reading: "Many thanks for invitation but pressing engagements prevent my accepting."

The North Carolina College of Agriculture and Mechanic Arts announces in another column its opening for another year on September 7. This College continues to grow in numbers and in usefulness. Last year it enrolled 630 students. Its graduates are taking a leading part in the industrial life of our State, and are in steady demand at good salaries. Young men who desire to fit themselves for success in industrial occupations will do well to consider such a form of education.

CHANGE OF SCHEDULE.

Atlantic Coast Line train No. 48 will leave Wilmington, on and after Monday, June 26th, at 8:00 A. M. instead of 8:40 A. M., as now. 5t.

WHITEVILLE HAPPENINGS.

Return from Panama—Runaway Horse—Personal Notes.

(Special Star Correspondence.)

Whiteville, N. C., June 20.—Mr. Edward Clark spent last evening in Whiteville. Mr. Clark is originally from Lake Waccamaw, but for some time has been on the isthmus, in the auditing department of the Panama Railway. He says the canal will be open for shipping in two years, as work is being pressed with a rush. He says he has enjoyed splendid health and not heard a mosquito. Mr. Clark says a political ballot was taken among the American employes of the canal on their choice for President and Bryan carried it by eight to one. He says President Taft is very unpopular, and during his visit to the canal in some of the departments, men kept their backs turned to him during his stay in the room. Mr. Clark says the Jamaica negroes are doing good work; that they are under the protection of the British consul and there is a fine of $25 for striking one. He says both Panama and Colon are wide open towns, with bar rooms, lotteries and gambling dens. Meals are furnished the employes of the company with 50 tickets for $15, but outsiders must pay one silver dollar for each meal. Mr. Clark is a splendid young man. He leaves Saturday for his return to the isthmus.

Mr. Lewis French arrived in the Broadway section from Lesley, Nebraska, and will take charge of Mr. W. H. Penn's farm.

Rev. L. E. Sawyer, the popular Methodist minister at Councils, met with a serious accident at Bolton. He was leaving the residence of Mr. Merritt when his horse became frightened at Dr. Smith's motor car. Mr. Sawyer lost control of the horse and was thrown from the buggy and painfully but not seriously hurt.

A petition will be sent to Congressman Godwin to secure a government engineer to survey the swamp lands in the county, as is being done in other sections.

Mr. Oscar High says that Lake Waccamaw had fallen 6 or 8 inches in the last six days, and if the water goes down 18 inches more it will stop flowing into the river.——Mr. J. T. Best returned Sunday from the hospital at Wilmington, where he was operated on for appendicitis, and his friends are delighted to see him looking so well.——Mr. T. W. Hester, who has been in the hospital at Wilmington, returned to Whiteville Tuesday evening. He will go to Evergreen and make preparations for his trip to Hendersonville, where he will spend the Summer.

TAFT STOPS IN GOTHAM.

Spend Night With Brother on Way to New Haven.

New York, June 20.—Broadway's bright lights, theatrical and otherwise, shone their brightest tonight for President Taft, who made New York a stop-over point on his way to New Haven to attend the Yale commencement exercises.

The President arrived from Washington early this evening and was driven direct to the home of his brother, Henry W. Taft. He was accompanied by Mr. and Mrs. Henry W. Taft, Horace D. Taft, of Watertown, Conn., and by his younger son, Charles, and Secretary Hillis and Major Butt, his military aide.

Tonight the Tafts attended the theatre. Mr. and Mrs. Henry W. Taft and Attorney General Wickersham accompanied the President.

Mr. Taft spent the night at the Henry W. Taft home. He will leave early tomorrow for New Haven.

PUZZLING GEMS NOW IN TOWN

Marvelous Display in Wilmington of Jewels That Fooled the Government Expert.

The introduction of radium diamonds in Wilmington now on display and sale is quite attractive. Not a passerby in the two hundred block on Front street, but who gives more or less attention to the window display of these sparkling gems. There have been other imitations offered, but the radium is certainly the most clever of all offered as a substitute for the rare gem for which the world stands in envy.

What are radium diamonds?

Radium diamonds were first brought to this country by Madam DeLuce, of Paris, France. The custom officials seized her jewels, supposed to be worth one milion dollars, she declared they were worth less than one-fifth the estimated amount. Every known test was applied and eventually her statement was affirmed.

The most expert jewelers were employed by the United States government to make the test and the only way they discovered the truth was by weight. Shortly afterwards they secured the rights to the radium diamonds in this country and their success in their sale has been enormous. Diamonds that fool government experts are certainly clever enough to deceive anybody else and countless wealthy women now have their valuable jewels duplicated with radium diamonds as a protection against thieves. This display spoken of is to be seen at the Geo. O. Gaylord Big Department Store, at 210 Front street, where they will hold a four days special demonstration sale of these beautiful radium diamonds set in rings, pins, bracelets, studs, broaches, lockets, etc., which regularly sells from $3.00 to $8.00. Your choice for $1.00. The idea of the people having the domestic control of the radium diamonds is to create a large demand and in actual use to demonstrate what they are, it is a method as novel as it is new; sale starts this morning at 8 o'clock sharp. **

Mr. Tally will not sing with his wife today but will sing with a phonograph, at the Grand. **

FAISON TO NICK LONGWORTH

Third District Congressman Replies to President's Son-in-Law on the Wool Schedule—Defends Tariff Position.

(Special Star Correspondence.)

Washington, D. C., June 20.—Dr. Faison did not like Nick Longworth's speech on the wool bill the other day. He tried to interrupt him, but Miss Alice's husband would not yield. But, not to be outdone, Dr. Faison replied to the Ohioan the following day. What he said follows:

"Mr. Chairman: I desired to ask the gentleman from Ohio (Mr. Longworth) who has just taken his seat a question, as he spoke of the wool schedule with such authority; but he denied me the time, and I rise simply for this statement in connection with his speech. The gentleman from Ohio, in the absence of any argument whatever in defense of his party's position against the present bill reducing the tariff on raw wool and woolen goods 60 per cent., attempted to get funny, and ridiculed the Democratic party as being antique and obsolete—in fact, 60 years behind on wool-tariff schedules. He "spake with authority," he said, and credited himself with still greater authority, and yet was waiting for further authority—the future report of his Tariff Board—before he or his party could indorse further tariff legislation; yet he did not, nor dared not, defend the present wool schedule—Schedule K. The gentleman from Ohio, a high protectionist himself, strangely admitted that all the authority with which he spoke was from a free-trade source—Prof. Taussig, of Harvard University, his own alma mater, whose History of the Tariff was standard authority. Now, notice the gentleman's inconsistency, if you please. He stated:

"'Prof. Taussig appeared before the Ways and Means Committee and pleaded for a reduction of 33 1-3 per cent. in the Dingley bill on all woolen manufactured goods.'

"But instead of taking such standard authority, the gentleman's party adopted the higher and 'indefensible' rates of the Payne-Aldrich bill. If the Republican party failed to accept such standard authority as Prof. Taussig, how, then, can the gentleman or his party consistently plead for more time? (Applause.) The burden of his speech was wait, wait, wait for more time and more authority. How absurd and how ridiculous is the gentleman's position! (Applause.) But mark you, he desires to wait while the tariff is highest, while the profits to the manufacturer are greatest and the burden to the consumer is heaviest. Why not follow the gentleman's authority and cut the wool schedule 60 per cent., which is entirely in keeping with Prof. Taussig's advice, and then wait, if necessary, for still further standard authority—even the report of the gentleman's Tariff Board. (Applause and laughter.) The gentleman certainly places his party in a ludicrous, absurd, and ridiculous position, and in the light of the returns from the recent election, which resulted in the large Democratic majority in this House, the Republican party will soon become extinct and its history will be 'obsolete and antique'—far more 'antique' than the gentleman from Ohio would desire to admit. (Laughter and applause on the Democratic side.) H. E. C. B.

Lexington, Va., June 20.—At the annual meeting of the alumni of Virginia Military Institute held here today it was decided to have a painting of Battle New Market made by B. West Clinedinst, of New York. The day was given over to the alumni of the institution, who addressed the cadet battalion in their review. The Jackson Hope medals will be presented by Major General Leonard Wood tomorrow.

THE SUMMER GIRL-

The Daintiest of Dainties

the Summer Girl will wear our pumps this Summer—for

They're the correct thing in style—for

They're the right thing in comfort—for

They're the ones that will last longest and look best.

In velvet, suede, patent, tan and all the other leathers that are popular this year.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, June 21, 1911.

Why will a married man take a joy ride and leave his wife home to walk the baby?

We should think that an artist who can imitate the "old masters" in a way to deceive American plutocrats, is in a fair way to rank as a new master.

We resent the attempt to compare the Texas onion crop with North Carolina's strawberry crop. In the first place, some comparisons are odoriferous as well as odious.

Lots of men keep silent till somebody "sees it first." Then they have to make a great noise to induce people to believe they knew about it before the other fellow ever thought of it.

Hundreds of men are rushing into print to tell how the American Republic should be conducted, whereas, in fact, and also verily, they wouldn't even dare to assert any jurisdiction as to the orders governing the household.

Says the Galveston News: "Do not kick a man when he is down. Turn him over and feel in his other pocket." That may be the Texas way, but in North Carolina we wait till he gets on his feet and then give him a run for his money.

Every darkey in North Carolina would like to have the "rule of reason" applied when he exercises predatory monopoly of a waetermelon lying around loose with nobody in sight to compete with him in his undisputed possession.

Ladies' shoes made of the down and feathers of humming birds are said to be exceedingly popular in Paris. Since the price of a pair is $2,500, nobody but an absconding bank cashier will be able to invest in some three or four pairs for his friends.

Ex-President Diaz, in telling of his troubles, declares: "I was betrayed by those I trusted." Of course, it's always that kind who give a man away, and the worst thing about it is that no man ever knows when he is acquiring false friends.

New York has a society for the Prevention of Unnecessary Noises. However, its influence is entirely too local for it to be interested in suppressing all the noise made for political reasons by sundry brands of politicians who are shouting for and against reciprocity with Canada.

The wool-ower who votes might get mulish how he votes. Some men never stop to consider the wool-grower along with other people they love, and, of course, that's the reason why some people never could be elected President in a thousand years. Moral: Look out for all interests and straddle when in doubt.

In the "World's Work" Arthur Wallace Dunn inquires: "Now what could and would a business man, with power to conduct the government, do?" Wall, suh, about the first thing he would do would be to raise a kick because he wouldn't be allowed to tag it for sale and advertise it by spreading it out all over the pavement.

Why should they drag President Taft all the way to an Indianapolis Fourth of July celebration, to witness a head-on collision between two locomotives? Such entertainments as that might suit Teddy the Tetrach, but the bland and affable Taft surely must be tired of head-on collisions, for he has been up against them ever since he had the Presidential chair unloaded on him by Roosevelt. For something symbolical and soothing, a cake-walk would be more appropriate.

BUSINESSLIKE SUGGESTION.

The Star yesterday contained an eminently businesslike and most practicable suggestion in a communication from Mr. H. C. McQueen, president of the Murchison National Bank, and for years the able chairman of the Board of Audit and Finance.

Mr. McQueen's suggestion was with reference to the extensive street improvement scheme upon which Wilmington is entering and for which purpose the city has in hand about $400,000. This is a goodly sum of money to provide this city with handsomely and modernly paved thoroughfares, and the main question is to makes no mistake in the style of street to be made and the kind of material to be used. Just what materials is to be used has not been decided yet, but most likely there will be uniformity in the paving to be done on Front, Market, Princess and Chesnut streets We understand, however, there is a strong leaning towards wooden blocks for these streets, a method of paving now regaining popularity in many cities. With block paving in view, Mr. McQueen made this suggestion toward making our $400,000 street improvement fund cut both ways:

"Probably over half of the amount will go for material. It looks like it would be a saving to the city for some one of the mills here which has the power, to install the necessary machinery and manufacture wooden blocks which could probably be creosoted here also if necessary. This would keep the money here and in this vicinity, the circulation of which in our midst would probably offset the increased cost, if any, over brick or other material. Is not the suggestion worth looking into?"

This suggestion is not only worth looking into, but it is worth adopting and putting into practice. Our saw mills are already equipped for manufacturing the blocks. The timber is a home product and it would stimulate local industry to manufacture and creosote the blocks right here in Wilmington. Since Wilmington's contract for this material would be a considerable one, it would justify any additional preparation that would be necessary to turn out the finished blocks, creosoted and all. If this style of paving is to be extensively followed in American cities, it may lay the foundation for more orders and a new industry for Wilmington. That is worth considering, if it shall be decided that Wilmington's downtown streets are to be laid with reversible blocks, similar to those used in the experimental paving with this material to be seen at Fourth and Princess streets. The blocks used there were creosoted and as they were put down several years ago, the paving could be examined now with regard to its merits.

Years ago, the wooden block pavement was utilized in many cities, but as there was no such thing as creosoting or wood preservative in those days, that method of paving was abandoned because the blocks would rot at the bottoms and tops and sooner or later become a nuisance. However, if the blocks can be preserved indefinitely they will make an elegant and practically a noiseless street.

Charlotte adopted the bitulithic method of paving her downtown streets, and it makes a pretty street, yet all these methods of street work should be carefully looked into before Wilmington decides to spend her money. We are not urging any special material or method, but if it is to be the block system we are heartily committed to Mr. McQueen's suggestion. Let our mill men figure on it and report.

BRYAN FIGHTING HARMON.

We regret to note a disposition to knock the distinguished Democrats who are possibilities for the Presidency, but, as a matter of course, their availibility is a proper subject for discussion before it is too late. Now is, therefore, the proper time to square up the Democratic timber, however regrettable it may be that some of our Democratic Presidential aspirants are being discussed and even knocked by the Hon. William J. Bryan.

We refer especially to Col. Bryan's open opposition to Judson Harmon for the Democratic nomination. It cannot be said that the distinguished Nebraskan is "making a fight" on Harmon, for he never goes out of his way to make open criticisms of the availability of the Ohio governor. If there are any real reasons why Governor Harmon should not be thought of seriously for the nomination, it is proper to state them, but with Col. Bryan there is nothing of the nature of charges and nothing but the Colonel's own conceptions of what should constitute availability.

Col. Bryan has been lecturing in several cities in South Carolina this week and on Sunday he was the guest of Editor W. E. Gonzales, of the Columbia State, at the South Carolina capital. While in Columbia, Col. Bryan did not speak out in favor of any of the aspirants but he was emphatic in his opposition to Harmon. In truth, that is not the only time and place that he has been outspoken against the candidacy of the Ohioan.

During the Columbia visit, Col. Bryan is said to have spoken of a number of possible candidates, but he manifested no enthusiasm over any, and did not express his preference. He mentioned Wilson, Folk, Clark, Marshall, Burk, Foss and Dix, and thought probably the forthcoming debate in the Senate on tariff measures might develop some other available candidates, but, as the Charleston Post tells us, "never a word did he say of Harmon."

The omission was striking, and when the State newspaper's representative called attention to his failure to include Harmon among the possibilities, he said: "I do not mention him, because I do not regard him as a possibility. This is a progressive age, and Gov. Harmon's nomination would be a step backward. It is inconceivable that our party would make such a mistake."

Col. Bryan is sincere, no doubt, and while he has tremendous innuence in the party, we doubt whether the rank and file will consider that it disqualifies Harmon. We take it that his objection is because Harmon is conservative and not radical enough and is put down in Col. Bryan's category and blacklist as a reactionary. Harmon was opposed to the free and unlimited coinage of silver, but he was loyal to Bryan and made three strong fights for him, just as did many others who opposed the money heresy into which the party was swept. However, that shows that Harmon was sound and it can be said further in his defense that he never hesitated to accept Bryan's leadership. He has been true to his party and its three time defeated candidate, and his administration in Ohio has also strengthened him with the people, so that we doubt whether Col. Bryan's idea of his availability will be seriously considered by a harmonious Democracy.

FARMERS' EDUCATIONAL TRAIN.

The farmers' educational train under the auspices of Clemson and Winthrop colleges, State institutions of South Carolina, will be in operation this week in the eastern portion of that State. That is the Wilmington portion of South Carolina and we are proud of it, for it is so much like a "chip off the old block."

The agricultural train is really an agricultural and mechanical demonstration school on wheels. The farmers are the students, and members of the staffs of Clemson, South Carolina's A. & M., and of Winthrop, the State's college for women, constitute the demonstrating faculty. A full equipment of agricultural machinery, a dairying, a stock exhibit, an orcharding outfit, etc., are carried along, and the farmers get a complete and practical demonstration, accompanied by lectures from the experts and teachers.

We note from our South Carolina exchanges that everywhere the farmers are meeting the train and manifesting deep interest in the work. This demonstrates the progressive and enlightened spirit of the Palmetto tillers of the soil, and we have no doubt the plan will prove a real investment for the State.

The train will this week and a part of next week be run on the lines of the Atlantic Coast Line, and accompanying it is Mr. E. N. Clark, of Wilmington, the Coast Line's agricultural and immigration agent. Mr. Clark is a good man to have along, for he manifests keen interest in the work of building up the Carolinas and Virginia. He has his headquarters in Wilmington and we have had an opportunity to note that he is doing a good work that is bound to bring results. In fact, the results are already noticeable and this is only the beginning. Mr. Clark is an earnest and vigilant man, and the Coast Line is deserving of commendation for its efforts to attract to this splendid section a desirable class of homeseekers to develop the agricultural interests along general lines. The growth of this movement is naturally slow at first, but we are satisfied that by degrees it will result in bringing to this section hundreds of people. The Coast Line is ahead of us in this particular and we will have to catch up and aid the work by syndicate land and farms companies through which more rapid and practical settlement work can be accomplished.

The Charleston News and Courier announces this discovery: "There is a dentist in Savannah named Dr. Pullett, and that's what he does." Teeth and legs a specialty.

Mossback Republicans in the Senate passed a measure to so amend the constitution as to provide for the election of Senators by direct vote of the people, such elections, however, to be subject to control from Washington. Republicans seem to know how to make Democrats recognize all the different kinds of objectionable ways to elect the Senators chosen to represent their respective States and not the United States. The Republicans got rid of a worrisome proposition by unloading the worry on a struggling but hopeful Democracy, which discovers antidotes that become unpalatable when decocted by Republicans.

An Indianapolis woman defied the Federal court and refused to be tried for shipping adulterated milk to Cincinnati. She defied the Federal officers and made such a tough proposition for the court to deal with that the court dismissed the indictment. When those kinds of ladies make up their minds to deny the jurisdiction of the court, the only way to scoop them in with the net of the law is to chloroform them during the deep sleep that falls upon humanity after the silent midnight hour. However, the difficulty about using chloroform would be to break in on the sleeper without waking her up. No officer would dare take any such risk, and hence a court may as well submit to being baffled without taking chances on being stigmatized after catching a Tartar.

CURRENT COMMENT.

It is now charged against the bobble skirt that it has thrown out of employment 3,000 workers. Maybe so, but just think of the employment it has furnished the watchers.—Norfolk Virginian-Pilot.

The Whiteville correspondent of the Wilmington Star says that the people of Fair Bluff have not relinquished the idea of having the Wilmington-Charlotte highway pass through that place instead of via Lumberton. That highway is coming by Lumberton as a matter of course, but that need not bother the Fair Bluff folks, for, like all the other towns just a little off the direct line, they can build to the main highway.—Lumberton Robesonian.

Wilmington merchants are considering forming a trade extension association, and it is proposed to give free transportation to the city within a certain radius when certain amounts are traded. Some Lumberton merchants started to work out a plan like that but let it fall through. It would be well to revive it. Lumberton can offer as many inducements for people to come here as any other town can offer.—Lumberton Robesonian.

A few weeksff ago Collier's pointed out that, in the re-arrangement of Senate committees, Mr. Guggenheim, of Colorado, had been put upon those having to deal with public lands, mining, water rights, conservation and such other things as he has a direct and personal interest in. It now calls the attention of its readers to the fact that Senator DuPont, of Delaware, president of the Powder Trust, is on the following committees: Military Affairs, chairman; Coast Defense; Expenditures in the War Department, Pensions. "Is that," asks Collier's, "what is meant by getting the people coming and going?" Maybe so; and more than that, it looks mightily like prostituting public service to private gain.—Norfolk Virginian-Pilot.

In Col. Bingham's new Catalogue he offers:

I. A FREE ROUND TRIP Ticket from anywhere within 1,500 miles of Asheville to any parent who, after a careful inspection, is not convinced that, except for mere show, the Bingham $80,000.00 Plant is the BEST and SAFEST such parent ever saw.

II. He notes that the Courses offered at Bingham aggregate 2.5 more "UNITS" and average 9.5 more "UNITS" than in any other school in the State, according to the January "Bulletin" by Prof. Walker, of the University.

Be sure to hear Mr. Tally sing "Good Bye Betty Brown" together with phonograph today at the Grand. **

13th Annual Mill-End Sale

This merchandise event, which will be the greatest bargain giving in the history of Wilmington, begins Monday, June 19th, at 9 o'clock. This will undoubtedly be the most extraordinary value giving of any former sale ever inaugurated by this firm.

We only have room here to mention a few of the specials for our 30 minutes' sale each day, but every day will bring something new and interesting.

Special Thirty Minutes Sale Each Day

Monday morning, 10:30 to 11, and evening 4:30 to 5:00 o'clock—$1.50 to $2.50 Hats, including ready-to-wear, and shapes, newest styles, all colors, special 30 minutes at 25c

Tuesday morning, 10:30 to 11 o'clock—12 1-2c fancy Linene Suiting, great values, big assortment, light ground with black, red blue and pink figures, dots and stripes, for 30 minutes at 5c
Limit 10 yards.

Tuesday evening, 4:30 to 5:00 o'clok—About 4,000 yards of 25c heavy hair Ribbon, plain soft Taffeta and fancy Ribbon, 30 minutes at 9c
Limit five yards to one customer.

Wednesday morning, 10:30 to 11 o'clock—$2.00 to $2.50 Patent Leather one strop Pump, and $2.00 to $2.50 velvet Pumps, no strop, sizes 2 1-2 to 8, special 30 minutes at $1.25
Limit two pairs to one customer.

Wednesday evening, 4:30 to 5:00 o'clock—5,000 yards Curtain Swiss, 10c quality, special 30 minutes (limit 10 yards) 5c; also 10c striped Dimity, (limit 6 yards) at..... 5c

WILL PAY FARE OF BUYERS

Wilmington Trade Extension Association is Established, Twenty-Five Dealers Sign Agreement. Now for Campaign.

The Wilmington Trade Extension Association became an established institution and a going concern yesterday afternoon when the twenty-five business houses signed the membership contract. The written agreement provides that "when twenty-five separate business houses shall have signed this contract it becomes binding and effective." The sole purpose of the new association is to develop new trade in the Wilmington territory, and to centralize in this city the vast sums being drawn from the Wilmington trade territory by foreign mail order houses.

In exchange for advantages offered them the country merchants in the Wilmington territory will be asked to co-operate with the local business houses by directing the attention of mail-order buyers to the Wilmington market in all cases where they themselves cannot supply the demand, and thus help to keep North Carolina money in North Carolina. Those who had signed the membership agreement up to yesterday afternoon, and thus allied themselves on the side of Wilmington and home industries, were: Ahrens Bros., Bardin Motor Co., Boney & Harper Milling Co., Samuel Bear, Sr., & Sons, W. B. Cooper, Cooper Guano Co., Crescent Candy Co., M. W. Divine & Co., Einstein Bros., Geo. O. Gaylord, the F. E. Hashagen Co., Hyman Supply Co., N. Jacobi Hardware Co., C. D. Maffitt & Co., E. L. Matthews Candy Co., Meier's Granite & Marble Works, J. W. Murchison & Co., Northern Fruit Co., Pepsi-Cola Bottling Co., Peterson & Rulfs, The C. W. Polvogt Co., J. M. Solky & Co., S. & B. Solomon, The Solomon Shoe Co., The Southern Hat Co., Standard Supply Co., J. C. Stevenson Co., The Rheinstein Dry Goods Co., and H. L. Vollers. It is said that there will be about sixty members in the new association when the list is completed.

It is expected that the organization will be in working order in a short time. The railroad fare of the buyers within a radius of a certain number of miles will be returned and this will be held out as an inducement to the people in the surrounding section to do their shopping in Wilmington. The plan has worked most successfully in other cities and it should do as well here.

THE RECORDER'S COURT.

Fannie Carroll, Colored, to be Examined as to Her Sanity.

Her conduct indicating that she is mentally unbalanced, the Recorder yesterday morning ordered that Fannie Carroll, colored, who was arraigned on two charges, be turned over to the Clerk of the Superior Court for an examination as to her sanity. The woman, who is well known in police circles, having for a long time been a frequent offender, was arrested for disorderly conduct at Carolina Beach by Deputy Sheriff Brown. She was in an ugly mood when the steamer arrived here Monday night and it was necessary for Patrolman Moore to go to the assistance of Deputy Brown. An additional charge of resisting an officer was lodged against the woman. In the event she is not adjudged insane by the Clerk of Superior Court, the woman will be sent to the county farm for 12 months, this being the judgment of the Recorder.

Floyd Herring, colored, was given six months on the county roads for assault with deadly weapon on Willie Hines, colored. It is alleged that Herring pointed a pistol at Hines. The defendant took an appeal to Superior Court. Joseph Staffano was required to pay a fine of $10 and costs for assault on Willie Bowen, a little white boy. Frank MacRae, colored, was given hearing on the charge of abandonment and non-support, but the case was left open for judgment until today.

The third trial of Thomas Mask Jones, colored, charged with violating the State prohibition law, is set for today. The case will be heard before a jury.

ANALYSIS OF BEACH WATER.

Fine Drinking Water and Contains Medicinal Properties.

The Beach Water Company, which furnishes practically all the water used on Wrightsville Beach, yesterday received from the State Chemist the latest analysis of the water supply. The sample was taken by Dr. W. D. MacMillan, county superintendent of health, on June 7th. The report shows the water to be good, an entire absence of colon baccilli, and containing high percentage of chlorine, calcium and sodium, which are splendid medicinal properties. The following definition of chlorine gas will be of interest in this connection: "In medicine, chlorine gas dissolved in water is used extensively for bactericidal purposes. It is employed as a mouth wash and for bathing purposes, being both a deodorant and a bactericide; and internally may be used for its germicidal properties, particularly in typhoid fever."

Attempt at Robbery Frustrated.

Monday night about 10 o'clock at the residence of Mr. Percy Wells, No. 2 Postoffice avenue, a bold attempt at robbery was frustrated by the arrival of Mr. Wells. Mrs. Wells was on the second floor when she heard some one moving about downstairs. She called out, asking who was in the house. No one answered and she became alarmed. Looking out the window she saw Mr. Wells returning home. She called to him, telling him to get his pistol as there was some one in the house. He hurried into his home but the intruder had become alarmed and fled. Mr. Wells' arrival was most timely, for the burglar had piled all the silverware in the dining room upon the table in his preparations to carry it off. The drawers in the sideboard had been ransacked and everything was in confusion. The burglar left no clue to his identity.

Three of the best pictures will be shown today at the Grand. **

STATE BANKERS' MEETING

Local Deleation Left Yesterday Afternoon to Attend Convention at Lake Kanuga—All Banks Represented.

Every financial institution in Wilmington will be represented at the 15th annual convention of the North Carolina Bankers' Association, which will convene at 9 o'clock tonight at Lake Kanuga, near Hendersonville, in the western part of the State, and continuing through Friday. The local delegation left yesterday afternoon and will reach Lake Kanuga in ample time for the opening session this evening.

Those in the party are: Mr. H. C. McQueen, president of the Murchison National Bank, also the People's Savings Bank; Mr. Chas. N. Evans, president of the Southern National Bank and the Atlantic Trust & Banking Co.; Mr. Thos. E. Cooper, cashier of the American National Bank; Mr. Chas. E. Taylor, Jr., president of the Wilmington Savings & Trust Co., and Mr. Joseph W. Yates, vice president of the Murchison National Bank. The local bankers are looking forward with much interest and pleasure to the gathering in the mountains. Last year the association was entertained by the local bankers, holding its sessions at Wrightsville Beach, and it was said to have been one of the most largely attended and most profitable meetings ever held. The local bankers were glad of the privilege and pleasure of entertaining the visitors and hope to get the convention again without a very long wait.

The convention will be called to order in the assembly hall of the Lake Kanauga Club at 9 o'clock tonight by Mr. W. C. Wilkinson, of Charlotte, president of the organization, and after the invocation the address of welcome in behalf of Lake Kanuga Club will be delivered by Mr. J. L. Chambers, of Charlotte, and in behalf of the City of Hendersonville, Mr. W. A. Smith, president of the Wanteska Trust & Banking Co., of Hendersonville, will make the address, while the response will be made by Mr. Jos. G. Brown, president of the Citizens' National Bank, Raleigh. President Wilkinson will deliver his address and Mr. W. A. Hunt, of Henderson, secretary and treasurer, will make his report, after which announcements will be made and the session will be brought to a close.

Then there will follow a reception to the bankers and their guests.

The most interesting feature of the convention will be the complimentary drive through Hendersonville and Flat Rock to be given to the convention visitors by the bankers of Hendersonville. The iternary will include most of the famous estates of Flat Rock, a portion of the town of Hendersonville, and a visit to Laurel Park, the beautiful residential park owned by Mr. W. A. Smith, president of the Wanteska Trust and Banking Company. In addition to this special feature all of the facilities for recreation at Kanuga Club will be at the disposal of the visitors without cost. These include boating, golfing, tennis, pool and all of the other in-and-out-of-door amusements, provided for club members. Kanuga Lake has been stocked with rainbow trout, but the fish are not large enough for good sport; trips can be made, however, to neighboring streams, where fish are abundant. Arrangements for such trips may be made at the club after arrival.

The club orchestra will provide music and hours will be arranged for dancing as may be desired. There will be a banquet on the night of the 23rd.

On Friday, June 23rd, the members present of the American Bankers' Association will hold a meeting at which the vice president for North Carolina, Mr. H. C. McQueen, of this city, will preside, and nominate a vice president for North Carolina, a member of the executive council, also a delegate as a member of the nominating committee of the next convention of the American Bankers' Association.

PARLOR CAR SERVICE.

Added Conveniences for Travel on Early Seaboard Trains.

Through the efforts of the Traffic Committee of the Wilmington Chamber of Commerce, which has been at work on the proposition since last February, the Seaboard Air Line has now added parlor and drawing room car to Trains 44 and 45 between Charlotte and Wilmington arriving daily at 11:59 P. M. and leaving Wilmington at 5 A. M. This is in addition to regular daily Pullman sleeping car service on the day train between Wilmington and Atlanta, Ga. This service was promised by the Seaboard Air Line early in May, but it was impossible at that time to get the necessary equipment from the Pullman company, hence the delay. The addition of Pullman service on this early morning train will be a very great convenience and comfort to the traveling public, especially during the season at Wrightsville Beach.

THRONG OF BUYERS CONTINUE.

Special Half Price Brings Many Patrons to J. Hicks Bunting Drug Co.

The people of Wilmington and vicinity appreciate the great advantage that J. Hicks Bunting Drug Co., obtained for them, in getting the Dr. Howard Co., to allow the regular 50 cent size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Unlike ordinary medicines for constipation and dyspepsia, the dose of Dr. Howard's specific is reduced after a few day's use, and the cure is soon complete and lastin.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at J. Hicks Bunting Drug Co., today, for they have only a small amount of spec.... on hand.

Don't fail to hear Mr. Tally sing "Good Bye Betty Brown" with phonograph, his own record, at the Grand. **

GREAT PUBLIC CONVENIENCE

Deep Well and Drinking Fountain Being Installed by Messrs. Alexander Sprunt & Son, at Front and Walnut.

One of the greatest public conveniences installed in the downtown section of the city in a decade is the deep well and accompanying pump and fountain being placed by Messrs. Alexander Sprunt & Son at northwest corner of Front and Walnut streets, the finishing touches upon which were being put on yesterday afternoon, and which, when completed, will be a source of great benefit to all that section of the city.

Since the first deep wells were sunk in various parts of the city several years ago, they have been an ever present joy to the inhabitants for blocks around and the wonder is that before now the city has not of its own volition provided one of these conveniences in the section now so greatly favored by the enterprising business firm named. Work has been in progress on this well for several months by Mr. J. D. Lowry, the well known artesian cantractor, but owing to circumstances over which the contractor had no control, it was only yesterday that the work was ready for the final touches. The well is designed not only for utilization by the ordinary hand pump, but Messrs. Sprunt & Son have arranged at considerable expense to provide in connection therewith a perpetual fountain from which will flow at all times a copious supply of the purest water for the use of the offices of the firm just across the street, and the general public, this being made possible by a pipe line from the well to the compresses of the firm a block and a half or two blocks away, where connection is had with the pumps of the vast machinery there and the water is conveyed to all parts of the large plant for the hundreds of workmen employed there during each cotton season and during the Summer to a limited extent. The pump connection at the compress gives the perpetual flow at the fountain, the water being conveyed by circulating pipes down the steep incline and through the various ramifications of the compress and back to the source of supply, a distance of about four blocks. By a clever invention of Mr. Lowry, the contractor, and Mr. J. C. Stewart, chief engineer of the plant, this water upon being brought back to the pump in a never ending stream, does not go immediately to the fountain, but is carried down into the lowest depths of the well where it is cooled to the same temperature as when it first emanated from the ground.

The well is 75 feet in depth and the contractor guarantees an unfailing supply of water at all times, not only for the fountain, but the circulating pipe system, the overflow from the fountain being conducted by a gravity pipe down the hill to a large iron animal fountain which has been placed at Nutt street for the free use of the hundreds of draft horses engaged in the heavy traffic on the wharf and which have no other immediate means of slaking their thirst from an available pure water supply. Fifteen feet below the street level at Front and Walnut streets, the main pipe of the well is tapped by the pipe leading to the compress two blocks distant, the well down to this point being bricked and cemented with easy access by a manhole leading through a very substantial brick platform which has been built around to support the pump and fountain. The water at all times is being pumped from the well down through the circulating system through the compress and thence back and to the bottom of the well and then through the fountain. It is indeed a most interesting and ingenious study in hydraulics and will prove a great blessing to everyone. It will be especially convenient for the hundreds and hundreds of clerks in the Atlantic Coast Line general offices in close proximity and for the thousands of excursionists who visit the city each Summer and who pass Front and Walnut in going to and from the railroad station. The water from this well was recently analyzed by the State Chemist and pronounced without pollution and safe for all drinking purposes. The analysis shows the following results, which are readily understood by those with the slightest knowledge of chemistry: "Sediment, slight; color, Platinum-cobalt, 0; turbidity, silica standard, slight; odor, cold, 0; odor, hot, 0; alkalinity, in terms of calcium carbonate, 162.5; chlorine, 40; nitrogen as nitrates, 0.04; nitrogen as nitrites, 0; free ammonia, .226; albuminoid ammonia, .066; colon baccili in 1 cc., 0; colon baccili in 10 cc. 0; total number of bacteria per cc., 300. No pollution; safe drinking water."

Another analysis is to be made shortly, which is expected, if possible to show even better than the original analysis which was made last November soon after the well was sunk.

It is expected that the fountain will be in full working order today. A handsome bronze stand has ben erected as the fountain and this will be supplied with cup for drinking, while those who care to be more sanitary in their methods will have choice of a sanitary drinking cup which may be secured by dropping a penny in a convenient stand which will be erected on the premises and which will pay about the actual cost of the little paper devices in such universal use in the North.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Geo. O. Gaylord and wife to J. H. Robinson and wife, for $400 and other considerations, lot on Dickinson street 201 feet south of Fanning street, 30x156 feet in size; Robt. H. Northrop and wife to Anna L. Jones, for $100 and other considerations, lot on 13th, 231 feet south of Orange street, 150x33 feet in size; A. L. Doscher and others to C. D. Maffitt, for $100 and other considerations, lot on Sixth, 52 feet north of Ann street, 40x40 feet in size; J. Haughton James to W. R. Dosher and wife for $100, lot on Princess, 125 feet east of 19th street, 150x35 feet in size; J. Haughton James to A. L. Doscher and wife, for $100, lot on Carolina Heights, same being on Princess, 90 feet east of 15th street, 150x35 feet in size.

"Teaching McFadden to Waltz," a side splitting picture with Mr. Bunny as the leading part—at the Grand. **

REGULAR MEETING COUNCIL

Delegation of Colored People Heard—Want Street to Cemetery—No Right to Lease Wharf—Other Matters.

The City Council in regular weekly session for nearly three hours yesterday afternoon heard a large delegation of colored people who desire the improvement of the street or roadway from the hospital to Pine Forest cemetery; heard the opinion of the city attorney that the body has no right to lease to Capt. J. W. Harper the privilege of Princess street wharf for the steamer Wilmington; considered matters affecting health conditions at some length, as detailed in another column, and transacted a considerable amount of routine business.

The meeting was called to order at 4 o'clock with Mayor Smith presiding and all members in attendance as follows: Councilmen P. Q. and B. C. Moore, M. G. Tiencken and W. E. Perdew; also Capt. Thos. D. Meares, the clerk; City Attorney Herbert McClammy, Assistant City Attorney Geo. L. Peschau; Dr. Chas. T. Nesbitt, city superintendent of health, and Mr. A. B. Skelding, while in the reception room and in the hallway were a large number of colored women attended by one negro man. After the reading of the minutes, the Council decided to hear first the delegation of colored people and they were invited in the Council Chamber, forming a circle around the room. John H. Whiteman, who is one of the best known and most respectable colored men in the city, was the lone man in the delegation and was spokesman for the party. He said that the colored people have only one grievance and this a serious one—the well nigh impassable condition of Red Cross street from the hospital to Pine Forest cemetery. He said that they had been to previous boards for relief, but got only promises. All the city officials had agreed that the street should be improved, he said, but somehow they never got to work on it. Whiteman referred to the fact that all of those present, representing church organizations and societies, are citizens and pay taxes; not much, but their proportionate part. Whiteman thought that the colored people should be given a good road, especially in view of the fact that the negroes are building the roads in this county on the convict force. The Councilmen seemed to be very much interested and asked Whiteman a number of questions. Later on in the meeting Councilman Perdew moved that Councilman P. Q. Moore be authorized to improve the street to Pine Forest and Bellevue cemeteries. Seconded by Councilman B. C. Moore the motion was adopted by unanimous vote. Councilman P. Q. Moore stated that he thought the improvement should be made and that he would begin on the work just as soon as possible.

Mr. C. R. Humphreys, former city engineer, was before the Council with reference to the balance he claims to be due him for services during the month of May and which the Council at a previous meeting declined to allow. The amount is about $178. Mayor Smith asked Mr. Humphreys to hold over until his successor was named by the board and he continued in the office until June 1st. Mr. Humphreys was paid $2,500 a year, $150 a month by the Street Commission and $58 and some cents out of the general city fund. The term of office of the Street Commissioners expired on May 6th and Mr. Humphreys was paid by the Commission $30 for the time he had made that month. During the month of May another engineer was engaged by the city to do some surveying, and Mr. Humphreys seemed to be willing that the amount paid for this be deducted from the amount he claims to be due him. City Attorney McClammy said that the city is liable for the salary if the Mayor told Mr. Humphreys to hold over and the Mayor said he did. Councilman P. Q. Moore said he would uphold the Mayor, but the other members did not think the claim should be paid, so there was no further action. It is not improbable that suit will be brought against the city to recover the amount.

Mr. A. B. Skelding, general manager of the Tidewater Power Co., asked for the privilege of putting down a sidetrack on Orange, from Water to Front street, to be used by the Central Ice Company, which would enable the company to deliver ice on the suburban line at the same rate that is charged in the city. Mayor Smith said that he was against granting the free use of the streets. He thought they should be revenue producing when farmed out to corporations. Mr. Skelding explained that he would be willing to pay for the privilege if his company was to be benefitted. The only benefit would accrue to the people living on the suburban line. As it is the company hauls the ice from its depot in the eastern section of the city, and a sidetrack down town would mean that the company has a longer haul at the same rate. There seemed to be some question as to the right of the Council to grant the franchise and the matter was referred to the City Attorney for report at the next meeting.

A communication was read from Mr. E. B. Pleasants, of the Atlantic Coast Line, asking that the city give a bond to indemnify railroad in case of any damages arising from an accident during the construction of the Sixth street bridge. Mr. McClammy said that they could not require a bond of the city, but on the other hand he had always contended that the railroad could be required to put up the bridge. The matter was referred to the City Attorney.

The bills of ex-Judge E. K. Bryan for $400 for services in the Gregg case and $250 for appearing in the Wright case were allowed. Half of the amount allowed in the Gregg case goes to City Attorney McClammy, who appeared with Mr. Bryan in the case which went to Supreme Court, Mr. McClammy not being on a salary basis at that time.

Mayor Smith asked Councilman B. C. Moore, in charge of the Department of Public Safety, to instruct his police officers to enforce the ordinance against expectorating on the sidewalks and also against throwing papers, banana peels, etc., on the sidewalks or streets. The Mayor stated also that one could always tell a countryman by the way he cuts across the lawns to avoid walking to the street corner.

Councilman M. G. Tiencken presented to the Mayor the deed of gift of the Cornelius Harnett monument from the North Carolina Society of Colonial Dames of America to the City of Wilmington. The instrument was found by Capt. Thos. D. Meares, City Clerk and Treasurer, in re-arranging his office recently and Councilman Tiencken had it framed, in which it was presented yesterday, being accepted in behalf of the city by the City Attorney in a few appropriate remarks.

With reference to the proposition of Capt. John W. Harper to lease the Princess street wharf for landing the steamer, City Attorney McClammy informed the board that unless there was a statute made for the special purpose, the Council had no right to grant the privilege, so no action was taken on the matter. Shortly before 7 o'clock the Council adjourned.

RESUME LYON SWAMP WORK.

Reclamation Project Held Up On Account of the Long Draught.

Drainage work has been resumed in Lyon swamp after a delay of several weeks on account of the drought and the large force of the Brett Engineering Company is working day and night in order that the company may finish in contract time. The severe drought resulted in a insufficient supply of water to operate the machinery and as a consequence it had to be discontinued until the recent heavy rains.

The work up until the drought progressed rapidly and further report as to what is at present underway is expected to be received here by one of the commissioners of the drainage district within the next few days. The work of the Brett company and the project, in which it is proposed to reclaim thousands of acres of land, has been previously mentioned.

Will Come to Wilmington.

Yesterday's Raleigh News and Observer: "Mr. T. E. Petty has resigned his position in Raleigh as accountant for the Seaboard Air Line, effective June 30th, in order to accept a similar position with the Seaboard at Wilmington, N. C. But few young men have come to Raleigh and made as many friends in so short a time as Mr. Petty, all who regret to see him leave, but rejoice in the honors that he is receiving in the railroad world as an expert accountant."

Products of Pender.

Mr. Pearsall, the sage of Rocky Point, has put the Star again under obligations for some of the samples of the "fruits and flowers" of Pender. In the exhibit are peaches, Greensboro apples, King Dickson plums, Pender blues, cukes, onions and mosses from what Mr. Pearsall calls "Rural Root No. 1, Rocky Point."

116 MARKET ST., • WILMINGTON, N. C.

IT IS GOOD

for a man to know just where he is financially. When he pays all his bills—big bills—and little bills—by check—he knows. He knows where his money went, and nobody can make him pay the same bill twice—for his check is an indisputable receipt.

This bank finds pleasure in handling the acounts of such men.

The Southern National Bank

PEACE INSTITUTE — FOR YOUNG WOMEN

An ideal Christian Home School. Preparatory and Collegiate Courses. Art, Expression, Physical Culture, Pedagogy, Business, Domestic Science, Music. High standard maintained by large staff of experienced, college-trained instructors. Takes only one hundred boarders and teaches the individual. Unsurpassed health record. Brick buildings. Steam heat. Excellent table. Large gymnasium. Park-like campus. Concerts, lectures, tennis, basketball. Write for our catalog before selecting the college for your daughter.

HENRY JEROME STOCKARD, President, Raleigh, N. C.

SOCIAL & PERSONAL

Mrs. M. H. P. Clark is visiting in Atlanta.

* * *

Mrs. L. J. Merriman has returned from a visit near Ivanhoe.

* * *

Miss Koy Knowles, of this city is visiting her sister at Ivanhoe.

* * *

Miss Janet McDonald, of Ivanhoe, arrived in the city Monday for a visit.

* * *

Miss Lila and Adeline Keith have returned to their home in the city after spending ten days at Wrightsville Beach.

* * *

Mr. and Mrs. Louis B. Mix, of Stamford, Conn., and Mr. James W. Harriss, of New Yorw City, are visiting Capt. and Mrs. W. L. Harlow at their delightful Summer home on Wrightsville Beach.

* * *

The Children's Missionary Society of Grace Methodist Church, will meet in the church parlors this afternoon at 5 o'clock. Miss Ida Hankins, who is going to Korea, will deliver a talk to the society.

* * *

Yesterday's Charlotte Observer: "Mrs. Baxter S. Moore and children, Miss Mary Wylie and Master Robert Brevard Moore, left yesterday morning for Wrightsville Beach to spend two weeks at the Seashore hotel."

* * *

The Ladies' Aid Society of Immanuel Presbyterian Church will run its annual excursion to Carolina Beach Friday of this week. The steamer Wilmington will make three trips to the pier, leaving the city at 9 A. M. 2:30 and 7:30 P. M. The last boat from the pier will reach the city late at night. A most enjoyable outing is promised and the public is invited to participate.

* * *

A party composed of Dr. T. P. Hinman, Messrs. S. C. Smith and C. J. Camper, of Atlanta, Mr. W. C. Carrington, of Spartanburg, S. C., guests of the Seashore Hotel, and the Messrs. Keel, of Wrightsville Beach, enjoyed a very successful fishing trip Monday morning. They were outside for only a short time but they succeeded in landing 105 fine fish. Of these 84 were Spanish mackerel.

* * *

Mr. A. L. Beecher, manager of the Wilmington Real Estate Company, left Monday for Lynchburg, where he and Miss Mary Christian were married yesterday. The wedding took place at the home of the bride. After an extensive honeymoon, Mr. and Mrs. Beecher will make their home at No. 402 North Second street. Mr. Beecher will have the heartiest congratulations of his many friends in this city.

* * *

A pleasant outing was enjoyed yesterday by Brooklyn Baptist Sunday School, on its excursion to Carolina Beach. Between three and four hundred went down on the steamer Wilmington, some at 9 A. M. and others at 2:30 P. M. The occasion partook of the nature of an all-day picnic, an old-fashioned picnic dinner being served. The weather was ideal and those who went thoroughly enjoyed every minute of the day.

MISS ELIZABETH LATIMER ON ROAD TO RECOVERY.

The New York Herald of Sunday contained the following, which will be read with interest and pleasure by the many friends in this city of Miss Latimer:

"Although her condition was pronounced hopeless two months ago and oxygen was administered for days to keep her alive, Miss Elizabeth Latimer, of Wilmington, N. C., who was stricken with pneumonia at the Hotel Plaza early in April, has almost entirely recovered her health. She will leave tomorrow in a private car for Hot Springs, Va., to spend a few weeks recuperating. She is considered one of the most beautiful young women in New York and Newport society.

"When she toured Europe a few years ago with her mother, Mrs. E. S. Latimer, Miss Latimer's beauty attracted attention in London, Rome, Vienna and Paris. She was introduced into New York and Newport society several years ago, and at once won admiration for her beauty, as well as charm of manner. She was a close friend of Mrs. Anthony J. Drexel, Jr., and was bridesmaid at the wedding of Miss Marie Louise Logan and Count Henri de Sincay. She is a sister of Mrs. S. Wynne Foulkes, of Philadelphia.

"For more than two months Dr. Frank Oastler and two nurses have been in constant attendance on Miss Latimer at the Hotel Plaza, where Mrs. Latimer has made her home for several years."

Accompanying the article was a photograph of Miss Latimer. Her many friends in this city will learn with pleasure that she is on the road to recovery from her recent illness.

Juniors' Excursion Today.

Jeff Davis Council, Jr., O. U. A. M., will run its annual excursion to Carolina Beach today and it is expected that hundreds of Juniors and their friends will visit the beach during the day. The steamer Wilmington will make three trips during the day, leaving the city at 9 A. M. and 2:30 and 7:30 P. M. The last boat to the city on the return trip will arrive at a late hour. It is expected that the outing today will be the most largely attended ever conducted by the Council.

Wilmington Lodge Elects.

At its regular meeting last night Wilmington Lodge, No. 319, A. F. & A. M., elected officers for the ensuing term of 12 months as follows: Worshipful Master, W. C. McCaig; Senior Warden, L. Nurnberg; Junior Warden, E. Norfleet; Treasurer, W. G. Otersen; secretary, T. F. Bagley. These with the appointive officers will be installed next week. Arrangements are being made for a join installation of the newly elected officers of the three local lodges.

First Cotton Bloom.

The Star has with the compliments of Mr. F. F. Dickson, merchant and farmer of Council, N. C., the first cotton bloom seen by the agricultural editor of the Star this season. It was plucked from one of Mr. Dickson's fields of cotton on Monday and from the color, it has been open a day or more. For a late year, this is exceptionally early for a "first bloom."

..Theatrical..

Grand Theatre.

For the mid-week performance the Grand is offering one of the most novel bills ever seen at this big house. The big feature and one that no other house in this city has ever presented will be the singing of Mr. Harry Tally. As has often been stated, Mr. Tally has made records for the Victor Phonograph Co., and tonight he will play one of the records on a large Victor for which has been installed in the Grand. The song that the machine will play is "Goodbye Betty Brown," after the machine has finished Mr. Tally will sing the song with the orchestra and then to cap the climax there will be a grand ensemble of singer, machine and orchestra. This will without a doubt, be a big novelty and will give Grand patrons something entirely new. Then there is a big comedy that will please the patrons immensely, it is entitled "Teaching McFadden to Dance." Mr. Bunny, the great comedian, plays the leading part, so if you want a good laugh be sure to see this picture.

McFadden's wife is obliged to stay home because Mack cannot trip the light fantastic. However, he decides to learn, and his teacher advises him to practice at home. So he dances with Carrie, the maid; the cook, and with himself in the cellar. One day his wife catches him dancing with the maid, and reprimands him for his familiarity. He is invited to attend a masquerade ball which he gladly accepts. He asks his wife to go, but she refuses. Even though he is disappointed, he takes his wife to the costumer's and hires a Romeo suit. His wife also decides to attend the ball, and dresses as Juliet. At the ball Romeo is much attracted to Juliet and Juliet to Romeo. They dance all evening together, and great is their surprise when they remove their masks.

These warm days the Grand is sort of an oasis and the way the crowds flock there every day is proof that there is some real background to the statement that the Grand is the coolest place in town. The doors open daily at 2 P. M. Give it a trial and see for yourself.

At the Bijou.

Headed by the two greatest films in months, one being a wonderful dramatic creation and the other a masterpiece in the comedy line, the popular Bijou will today offer one of the most expensive and dazzling bills ever presented in Wilmington. In connection with the great moving picture programme will be offered a swell musical bill, in which Mr. Banks, the favorite baritone, will immensely delight with the latest song success from dear old Broadway. The wonderful Selig film, "The Mission Worker," is the star dramatic film. It is remarkable for the insight it gives into mission work in New York, and the main scenes are laid in New York's famous Chinatown. There is ever something fascinating about Chinese life in the larger cities and this film clearly, vividly and even excitingly depicts this dark side of Metropolitan life. It should certainly be seen. The big comedy offering is, "There's a Woman in Town," and it is the most wholesome and novel for fun ever flashed on a screen. The excitement the arrival of a woman creates in Lucky, Nebraska, where cow-punchers are wild and wooly, will cause a constant howl of laughter. Among the other gems on today's Bijou bill is one, too, of decidedly instructive nature. It is called "A Hippopotamus Hunt."

The Airdome.

This ever popular place of amusement is growing more in favor every day and Mr. Pieffer is exertinga every effort to give his patrons quality as well as quantity and today's bill will bring something new, of course. Three of the very best reels of pictures, and all of the latest selections by the orchestra, and a new and up-to-date song by Mr. Reilly will be rendered in his usual happy way. Any of the patrons of the Airdome who wish to hear any of the popular airs or their favorite songs may notify Mr. Reilly and he will put forth his best effort. Open 7:30 to 11 P. M.

Has Probably Left City.

It was stated at police headquarters yesterday that Joe Hobbs, the young white man who appeared as the principal witness for the State in the cases against Ralph Kennedy and John Bradshaw, charged with selling whiskey, has very likely left Wilmington as he has not been seen in the city since Sunday evening. The cases were tried last week, resulting in a mistrial and are to be heard again this week, probably tomorrow. If it is a fact that Hobbs has gone and does not return the case against the defendants will most likely fall flat on the second trial.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Mother's Friend

BRADFIELD REGULATOR CO., Atlanta, Ga.

CONSIDER HEALTH MEASURES

Ordinance Designed to Aid in Securing Data About Certain Diseases. Horse and Cow Stables' Regulations.

Although it did not give all the legislation he asked for, postponing several matters until certain legal points have been looked into by the city attorneys, the City Council in regular session yesterday afternoon showed very plainly that it will stand squarely behind Dr. Chas. T. Nesbitt, the city superintendent of health, in his efforts to lower the death rate of Wilmington and to make of it a cleaner and healthier city. An ordinance designed to aid the department in securing information relative to preventable and communicable diseases was adopted, while ordinances regulating horse and cow stables throughout the city and another requiring the installation of sanitary closets in place of the present unsanitary surface closets were held in abeyance until they can be put in proper shape by the city attorney.

It is quite likely that a called meeting of the Council will be held within the next few days at which the proposed measures will be considered. Incidentally it might be stated that there is on the books of the city now an ordinance requiring property owners to replace the ordinary surface closets with sanitary closets which meet the approval of the city superintendent of health. This ordinance was enacted by the Board of Aldermen, but was never enforced. A member of the old board called attention yesterday to the fact that the law is still in force, though it has not been enforced.

At the request of Dr. Nesbitt the Council adopted the following ordinance, which is now in force:

"Section 1. That all persons knowing of the existence of any of the following named preventable and communicable diseases in a private dwelling, boarding house, rooming house, hotel or inn, hospital, sanitarium or any other place, shall report the same to the superintendent of health, or any health officer in the city of Wilmington, when called upon to do so by superintendent of health of said city, to-wit: smallpox, scarlet fever, diphtheria, measles, typhoid fever, Wilmington fever, malaria, meningitis, infantile paralysis, dysentery, infantile diarrhoea with masmus, pneumonia, pellagra, whooping cough, tuberculosis in any form, influenza and trachoma.

"Section 2. That all practicing physicians in the city of Wilmington shall report to the superintendent of health of the said city the name, address and occupation of any person suffering from any disease named in Section 1, of this ordinance, in such manner and at such intervals as may be designated by the superintendent of health.

"Section 3. Any person violating this ordinance shall be fined fifty dollars ($50) for each and every offense."

Dr. Nesbitt stated at the meeting that although it might appear so, the ordinance is not aimed particularly at the physicians. He expressed the opinion that he would have the hearty co-operation of the members of the profession in this city. Most of the physicians have already expressed to Dr. Nesbitt their willingness to report the diseases enumerated as they arise in their practice. This ordinance was passed in order to enable the health department to obtain information with reference to preventable diseases that have previously existed in the various homes of the city as well as those now in existence, directly from the householder. It is, of course, impossible to get this kind of information from the physician.

City Property Condemned.

The Council recently adopted an ordinance which practically puts it entirely up to the city superintendent of health to bring about a radical change in the health and sanitary conditions of Wilmington during the term of his office and gives him more power than is usually conferred upon such an official. Dr. Nesbitt, it would appear, fully realizes the great responsibility which has been placed upon him and has set about to affect the transformation. It is not his policy to begin upon some helpless individual upon whom some hardship, in comparison only, might be imposed, but to first get the city property in first-class condition. In a communication to the Council yesterday afternoon Dr. Nesbitt declared the fire and city stables at corner of Fourth and Princess streets a nuisance and served notice that the nuisance must be abated within 30 days from date. It is understood that a wooden floor will be required for the city stables, just south of the fire department, while repairs will very likely be made to the fire house. The Council proposes to erect a handsome new building on the corner some time in the near future, but pending the erection of the new structure the present building will be put in better condition. The following is the letter of Dr. Nesbitt to the Council:

"Wilmington, N. C., June 20, 1911.

"Mayor and Council, City of Wilmington:

"Sirs:—The examination of your premises at the southwest corner of Fourth and Princess discloses the fact that you are maintaining highly unsanitary and offensive conditions in the interior and surroundings of the fire stables and city stables. The fire stables are not only unsanitary, but unsafe, its plumbing and flush closets discharge into Jacob's Run, which is offensive and dangerous. The stable floor is not water tight, its boards and sills are rotting. The cleanings from the stable and the drip from the stalls are discharged into the space beneath the floor, making the place offensive and dangerous to health. The city stables located in this locality cannot be maintained in this situation as they are, without danger to the public health. The closet in this lot discharges directly into Jacob's Run without flush or trap.

These premises are hereby declared to be a public nuisance and you are notified to remove same and to completely abate, in every one of the above named details within 30 days from date of this notice."

Colored Folks Will Aid.

There was present at the meeting a large delegation of colored people—16 women and one man—and Dr. Nesbitt, at the suggestion of Mayor Smith, took advantage of this opportunity to seek the aid of the colored people of the community in the health campaign. He said that he had recently made an inspection of the section of the city in which the colored population live and found most commendable conditions for the most part. He noticed that quite a number of colored people drink water from surface springs and a number of others from surface wells, which is a reason why so many colored people are at the cemetery. He also called attention to the need of installing sanitary closets, thus doing away to a large extent of the breeding places of flies. Dr. Nesbitt commented upon the higa death rate among the colored babies. Five years ago it was lower than the death rate of white babies, but now it is 20 to 25 per cent. higher than for the whites. The reason, he said, that the death rate among the white babies has decreased is due to the great care taken with milk by Dr. Thos. B. Carroll, the meat and dairy inspector. Dr. Nesbitt also called attention to the slop pails around in the yards, saying that they should be looked after. In conclusion he offered his services and advice at any time and said that he would be glad of the opportunity to address the colored people at their churches, societies, etc. John H. Whiteman, a well known colored man, was very much gratified over the expressions of Dr. Nesbitt in offering to aid the colored people and his daughter, Maggie Stewart, also spoke in the same vein. The entire delegation will very likely aid materially in the campaign and it was a capital idea to enthuse the representative colored people with the plans of the campaign.

PERSONAL PARAGRAPHS.

—Mr. W. A. McGirt is back in the city after a business trip to Norfolk, Va.

—Mr. F. H. Weaver, of Aberdeen, N. C., is visiting his brother, Mr. Edward Weaver.

—Among yesterday's arrivals at The Orton were R. Y. McPherson, Raleigh; H. M. Cox, Mt. Olive, and L. B. Humphreys, Goldsboro.

—Mr. H. E. Bonitz, the well known architect, will probaby be able to be out again today, after being confined to his home for several days on account of illness.

—The many friends of Mr. Sam Peiffer will be glad to learn of his arrival in the city yesterday morning. He will be remembered as a member of the Lumina orchestra three years ago, when he made many friends in the city.

—Rev. Wm. Boney, colored, who was arrested Monday on a peace warrant, and who spent the night in jail in default of bond, was tried before Justice Harriss yesterday at noon. The justice dismissed the case against the colored "parson", and the reverend went his way rejoicing.

Mr. Tally will not sing with his wife today but will sing with a phonograph, at the Grand. **

Away With Pills and Purgatives!

The habit of taking salts or strong cathartic pills every time you want to loosen the bowels is a bad one, for in time you will destroy the activity of the digestive tract and you will have to rely entirely on medicines for action. This is not a pleasant thing to look forward to. From infancy to old age the use of strong purgatives should be avoided. This can be done by the use of a mild laxative like **Dr. Caldwell's Syrup Pepsin.** While it is mild enough for a baby to use yet it is strong enough to give action in the most robust constitution. The letters of endorsement the doctor gets are from no one class—mothers who take it, mothers who give it to babies and children, people in the prime of life, and old people. It is successful with them all. It is in truth the ideal remedy for constipation, indigestion, biliousness, heartburn, gas on the stomach, sour stomach and all other manifestations of stomach, liver or bowel trouble. A bottle can be obtained of any druggist at fifty cents or one dollar, but you can make a free trial of it by writing Dr. Caldwell for a free sample bottle. He will be glad to send it to you. You cannot do better than read the letters printed here, and then act on their suggestions.

Look for This Picture on Pkg.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

The following are some extracts from letters Dr. Caldwell has received:

"I received the sample of Syrup Pepsin, liked it, and have bought a regular bottle of our druggist. It is an excellent medicine and very pleasant to take. I would not do without it again."—Robert J. Allison, Walnut Bottom, Pa.

"I haven't had a bad spell with my stomach since taking the first dose of Syrup Pepsin. I continued to take it for some time, as I had been afflicted for nearly twelve years and couldn't expect wonders overnight, but the fact is I can eat anything now and feel as if I had a new lease on life."—G. W. Selby, Brashear, Mo.

"Your Syrup Pepsin is unquestionably a fine remedy for stomach and bowel trouble, and should be in every home. While this is given voluntarily, and comes to you unsolicited, you may use it to promote the sale of your valuable remedy. May success attend you in the introduction of this fine and valuable medicine."—E. B. Gibson, Crystal Springs, Miss.

"I received your sample bottle of Syrup Pepsin and liked it so much that I bought a bottle from my druggist and have taken nearly all of that and will get another bottle soon. I like it better than anything of the kind I have ever tried."—Mrs. John L. Moore, Clinton, Ky.

"I received your sample bottle and have used two other bottles besides. I find it a very good medicine. I keep it in the house all the time. Would not do without it."—Mrs. Dollie Graves, Hamilton, Ohio.

"I have used your Syrup Pepsin for years and would not be without it."—W. L. Bryant, P. M., Sardis, Tenn.

LOCAL DOTS.

—Prayer meeting at Immanuel Presbyterian Church tonight at 8 o'clock. Public invited to attend.

—Yesterday afternoon's Fayetteville Observer says: "Mr. S. A. Jones, A. C. L. engineer, has been transferred to Wilmington from this city, and will leave tomorrow morning for his new field of work.

—The meeting of the board of directors of the Y. M. C. A., which was scheduled for yesterday afternoon, was postponed on account of the absence from the city of several members of the board.

Death of Little Son.

Friends of Mr. and Mrs. R. O. Rodgers will sympathize with them deeply in the death of their three-year-old son, Robt. C. Rodgers, which occurred at the family residence, No. 703 South Fifth street, yesterday afternoon, after an illness of several weeks. The body will be taken to Rose Hill for interment.

A Dreadful Wound

from a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poison or gangrene. It's the quickest, surest healer for all such wounds as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles, 25c. at R. R. Bellamy's.

Where French Market Coffee Won Its Fame

Over 150 years ago the old French Market at New Orleans won fame through its exquisite coffee. It was a rare treat to stop at this celebrated market and sip of the delicious beverage—the only place in America where it could be secured.

The society dames of all the Mardi Gras Balls would not consider the event complete without a cup of French Market Coffee as a "nightcap."

In the War of 1812, after Andrew Jackson's brilliant victory, he stopped at the Market House and treated his troops to French Market Coffee.

Then it could be had nowhere else. **But today you may all serve it at your table**—for the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

No matter where you live you can obtain this rare coffee blend with all the enticing aroma and natural strength preserved, for we pack it in hermetically sealed cans.

And it is untouched by human hands from the plantation to the cup. Order from your grocer today. Try some, and you'll agree there is only one French Market flavor."

HARDWARE.

TEXACO ROOFING

is made of solid, extra heavy, first quality, wool felt, thoroughly saturated with Texaco Bitumen, over 99 per cent pure, and afterward finished with an extra heavy coating of the same material.

TEXACO BITUMEN—over 99 per cent pure — possesses great fire-resisting properties, is not oxidized by the action of the elements, is impervious to the action of acids, fumes and gases, is not injured by the extremes of heat and cold, and remains adhesive and pliable.

The weakest point of ready roofing is at the lap, due to the disintegration and hardening of the cement used, but Texaco Roofing Cement, made of bitumen over 99 per cent pure, insures a permanent waterproof lap.

The principal merits of TEXACO ROOFING are:
ECONOMY of first cost and application.
SIMPLICITY and ease of application.
PERFECTION of weather and water-resisting qualities.
MAXIMUM of strength and durability.
FIRE-RESISTING.
PLIABILITY and immunity from injury by extremes of temperature; and, last but not least,
A PERMANENT LAP, by use of Texaco Roofing Cement, which gives security, strength and waterproofing at the weakest point of a roof.

COTTON SHOWS FIRMER TONE

Sharp Rally in Prices on Reports That Trade Demand Had Improved. Closed Steady Nine to 25 Points Higher.

New York, June 20.—The cotton market showed a decidedly firmer tone today and there was a sharp rally in prices owing to reports that trade demand had improved on the decline of yesterday and the failure of official weather reports to indicate that sufficient rain had fallen to relieve droughty conditions in the belt. The close was steady and from 9 to 25 points net higher, with near months showing relative strength.

The opening was steady, at an advance of 12@16 points on near months and of 5@8 points on later positions, in response to better cables than expected, reports of an improved trade demand covering of shorts, and the failure of the weather map to indicate any further rains of consequence in the western belt. There was some irregularity immediately following call and a slight reaction from opening prices, but the market soon firmed up again on reports of spot sales fro mthe local stock for foreign shipment and the western belt forecast for generally clear weather report would make a bearish showing, tended to restrict buying on the advance, and there was a slight recession from the best toward midday, but the weekly bureau did not indicate that the showers during the week had been sufficient to prevent continued drought complaints from some sections, and the best prices of the day were reached in the afternoon, when old crop positions sold about 22 to 24 points, net higher, and the new crop showed a net gain of from 14 to 16 points. The close was a shade off from the best on the later months on realizing by early buyers for a turn, and the failure of the weekly bureau to inspire any general buying for long account, but old crops closed within a point of the top as a result of buying to cover hedges against spot business, and a little covering by speculative shorts who found very little cotton offering following the recent drastic liquidation.

Receipts today, 20,203 bales, against 926 last week and 4,342 last year. For the week, 12,000, against 12,773 last week, and 23,304 last year. Today's receipts at New Orleans, 405, against 874 last year, and at Houston, 49, against 239 last year.

Spot closed quiet, ten points; middling uplands, 15.40; middling gulf, 15.65; no sales.

Futures opened steady and closed steady.

Total today—Net receipts, 287; gross receipts, 1,048; shipments, 1,419; sales, 21; stock, 103,196.

THE GRAIN MARKET.

Chicago, June 20.—Possibly the wildest trading of the year turned the grain pits today into bedlam. Hot weather damage to crops put a nerve-wrecking strain on prices. Realizing of profits diminished the excitement in wheat near the close, lowering the market from extreme figures, but other cereals held tight. Wheat finished 1¼@1⅝ lower than last night; corn, 1¼@1⅜@1¾, and oats at ⅜@1½ to ¾@1⅝ advance. Hog products gained from a shade to 17½.

Wheat—No. 2, red, 89@91; No. 3, red, 88@90; No. 2, hard, 90@93; No. 3, hard, 89@91; No. 1, northern, 98@1.02; No. 2, northern, 96@1.01; No. 3, northern, 95@1.00; No. 2, spring, 91@95; No. 3, spring, 90@95; velvet chaff, 84@92½; durum, 82@87.

Corn—No. 2, 55¾@56¼; No. 2, white, 95⅝@96¼; No. 2, yellow, 55⅝@56¼; No. 3, 55¼@55⅞; No. 3, white, 55½@56; No. 3, yellow, 55½@56; No. 4, 52½@53½; No. 4, white, 52½@54; No. 4, yellow, 52½@54¼.

Oats—No. 2, 38¾; No. 2, white, 40½@41¾; No. 3, 38¼; No. 3, white, 40@40¾; No. 4, white, 39¾@40¼; standard, 40@41.

BY RIVER AND RAIL.

Receipts of Cotton and Naval Stores at Port of Wilmington Yesterday.

Wilmington, N. C., June 20, 1911.

Atlantic Coast Line—17 casks spirits turpentine; 211 barrels rosin; 53 barrels crude turpentine.

Str. Alice—8 casks spirits turpentine.

Str. Duplin—16 barrels rosin.

Total—25 casks spirits turpentine; 227 barrels rosin; 53 barrels crude turpentine.

THE PRODUCE MARKET.

New York, June 20.—Flour was firmly held with demand moderate.

Rye Flour—Quiet.

Corn Meal—Firm.

Wheat—Spot, strong. No. 2, red, 96¾, elevator, and 97¾ f.o.b. afloat. Futures closed ⅞@1¼c. net higher. July, 96⅞; September, 96⅝; December, 98¾.

Corn—Strong. Export, new, No. 2, 63¼; nominal, f.o.b. afloat. Futures closed 1½ net advance. July, 63; December, 65½.

Oats—Firm. Standard white, 46. Futures, nominal. July, 45¾.

Lard—Firm.

Tallow—Steady.

Rice—Steady.

Rosin—Quiet.

Turpentine—Quiet.

Molasses—Quiet.

Sugar—Raw, firm. Refined, steady.

Coffee—Futures closed quiet, net unchanged to 4 points higher. Spot, steady; No. 7, Rio, 12½; Santos, No. 4, 13¾; mild, quiet; Cordova, 13@15.

Butter—Firm. Process seconds, 16@16½. Cheese—Firm and unchanged.

Eggs—Firmer. Fresh gathered, extra firsts, 16@17½.

Potatoes—Firm; old, barrel, 200@2.65.

Cabbages—Weak. Long Island, crate, 1.50@2.00; Southern, 1.50@2.00.

Peanuts—Unchanged.

Freights—Unchanged.

Cotton Seed Oil—Firm early, on local professional support, induced by the advance in lard and cotton. The market eased off slightly late in the session, however, under scattered selling by local longs and poor consumptive demand. Futures closed unchanged to six points net higher. June, 6.28@6.33; July, 6.30@6.31; August, 6.37@6.38; September, 6.40@6.41; October, 6.13@6.15. Prime crude, nominal; do, summer yellow, 6.28@6.35; winter yellow, 6.75@7.50; do. summer white, 6.40@6.75.

WILMINGTON MARKETS.

STAR OFFICE, June 20.

SPIRITS TURPENTINE—Market, steady, 50¾ cents.

ROSIN—Steady, $5.65 per barrel.

TAR—Firm, at $2.20 per barrel.

Virginians—Bunch, 4¼ to 4½c.; Fancy Hand Picked, 3¾ to 4c.; Extra Prime, 3½ to 3¾c.; Prime, 3¼ to 3½c.; Machine Picked, 3¼ to 3¾c.; market, firm.

DULL DAY ON STOCK MARKET

Changes Were Confined to Narrow Range Throughout the Day—Showed Conservative Attitude of Traders.

New York, June 20—Stocks gave way slowly today to a comparatively small amount of selling. The market was unusually dull. A few stocks, such as Great Northern, preferred, Canadian Pacific, Denver and Rio Grande, the Erie, International Harvester and the Electric and Telephone shares, lost a point or more, while Norfolk and Western and some less active issues exhibited considerable strength. Otherwise, changes were confined to narrow range throughout the day and the trading was featureless.

The character of the market illustrated the ultra conservative attitude of traders. The present uncertainty as to crop prospects is largely responsible for this position.

The Hill stocks were among the weakest of standard railroad issues. Selling of these stocks originated largely in the West, and apparently was based on reports of damage to the Spring wheat crops, contradicting the more favorable report from Washington in this particular.

Despite the weakness in a number of places, however, the list exhibited considerable underlying strength, as was indicated by its steadiness in the face of a decline of nearly four points late in the day by American Telephone. News that the directors of the telephone company had recommended an increase of $50,000,000 in capital stock was the signal for the most vigorous move of the day by bear traders, who succeeded in driving it down rapidly, despite the favorable influence exerted by the earlier announcement that the stock was traded in on the Paris bourse today for the first time.

There was further active trading on the curb today in the new Panama bonds, more than $3,000,000 of which sold "when issued" from 102¾ to 103¼, the price tending toward the lower figure following publication of the figures at which awards were made. The bond market was irregular. American Telephone convertible fours weakened with the stock. Total sales, par value, $3,256,000.

United States bonds were unchanged on call. Total sales of stocks, 241,300 shares.

DRY GOODS MARKET.

New York, June 20.—The cotton goods markets were quiet for the day. Underwear and hosiery for spring delivery are being offered at last season's prices. Silks are quiet. House trade with jobbers is light, but steady.

A Charming Woman

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. Bellamy's.

Work Will Soon Start

after you take Dr. King's New Life Pills, and you'll quickly enjoy their fine results. Constipation and indigestion vanish and fine appetite returns. They regulate stomach, liver and bowels and impart new strength and energy to the whole system. Try them. Only 25c. at R. R. Bellamy's.

ROCKY POINT POINTERS.

Refreshing Rain—Civic Improvements Visitors in Community.

(Special Star Correspondence.)

Rocky Point, N. C., June 20—A nice, gentle rainfall last night greatly revived all vegetation, laying the dust and keeping the weary, way-worn traveler from inhaling millions of dust laden germs that fly with each step of the horse.

The civic league here is putting in some good work, houses are being painted, rickety gates and run down steps are being remodeled, grassy cotton patches cleaned, while on the inside good wives are smiling because of the arrival of nice, new furniture to adorn the house.

The week-end brought a distinguished visitor, Mr. Jesse Pollett, of Bolton, Lancashire county, England. Mr. Pollett is an accompished violinist, also plays the 'cello and has an eye to bringing over other friends from across the "pond."——Mr. R. Lee Johnston, accompanied by his nieces, Misses Joy and Gladys Johnston, spent the night recently with Dr. R. J. Williams.——Miss Lillian Sessoms, of Stedman, is visiting Miss Sarah Durham.

WHEN FACE TO FACE WITH THE DENTIST.

It is said that much of the pain or ache of the teeth mysteriously disappears. There is no accounting for this in some places, but in our establishment it is known that the confidence in our careful methods gives great courage to the patient. We extract teeth painlessly, fill, file, clean, scrape, do crown and bridge work, and every branch of high-class Dentistry cheaply.

HEYBURN FLARES UP AGAIN.

Idaho Senator Produced Only Tense Moment of Senate Debate.

Washington, June 20.—Statements in the Senate today by Senator Heyburn, of Idaho, that "whatever we have taken from England has been taken at the point of the bayonet," produced the only tense moment of today's short debate on the Canadian reciprocity bill. Senator Heyburn's remark, which he later explained extended only to governmental acquisitions, was challenged by Senator Bacon, of Georgia, as a grave matter," in view of the pending arbitration negotiations with England.

"We have more to enjoy that we have received from England than from all the rest of the world put together, said Senator Bacon.

Senator Gallinger brought on the controversy by asking if this nation did not owe more to England, in the way of reciprocity than it did to Canada, because of the free trade market that England had always given to this country and the rest of the world.

Senator Nelson, of Minnesota, declared that his only hope of benefit from the Canadian reciprocity agreement was that it might lead to annexation of Canada. He met Senator Gallinger's argument that reciprocity ought to be given to Mexico and all other nations, if given to Canada, by saying that this country could not hope to annex the rest of the world.

"But if we can accomplish the annexation of Canada we will have done a great deal," said Senator Nelson.

"Canadian annexation at this time is an iridescent dream," said Senator Gallinger, who is a Canadian by birth. "At one time it was seriously considered by the leading men of Canada; but now that country has grown to be a big, strong, self-asserting nation, and by this treaty we will further strengthen it."

"I am convinced," added Senator Gallinger, "that when this bill passes there are many Republicans on this side who will join Democrats in kicking out the foundation stones of the protective traiff system. We will be fortunate if the whole structure of protection does not fall."

DISAGREE ON COTTON MATTER.

Bankers Disapprove Liverpool "Central Office" Plan — Details.

New York, June 20.—Bankers from the South and Southwest, and representatives of other cotton interests decided at a conference here today that further elucidation of doubtful points in the Liverpool "central office" plan for verification of cotton bills of lading is necessary before the plan can be given proper consideration. Definite approval was given the methods of safeguarding bills of lading embodied in the agreement now being signed by the railroads. The concensus of opinion of those at the conference today was expressed in the following resolution embodied in a statement given out at the close of the session:

"The conference thoroughly discussed the plan submitted for verification through a central office proposed to be established by the Liverpool Cotton Conference Committee of 1907, and concluded that the method carried with it certain vague responsibilities, which are likely to lead to litigation and contention in the future and that tnese elements of doubt must be cleared up by the Liverpool committee to the entire satisfaction of the American committee before it can be considered."

The statement continues:

"The committee, however, agreed that greater safeguards should be required of transportation companies in the issuance of negotiable bills of lading for merchandise of all kinds and it approves the methods of safeguarding the issuance of bills of lading proposed in the agreement being signed by the railroads and will assist and will co-operate with all the various interests in the passage and enforcement of Federal and State laws, and railway commission regulations leading to greater safety in the handling of negotiable documents for all parties concerned."

SPANISH WAR VETERANS.

Officers of State Encampment Elected at Norfolk, Va.

Norfolk, Va., June 19.—Officers of the State encampment of the Spanish American war veterans were elected tonight as follows:

H. J. White, of Norfolk, junior vice-commander; H. F. Taylor, Roanoke, senior vice-commander; M. F. Moore, Norfolk, junior vice-commander; W. H. Kindevater, Richmond, inspector; Dr. Thomas H. Marshall, Richmond, department surgeon; George M. Skipworth, Richmond, judge advocate; John A. Wolf, Norfolk, marshal.

The following were chosen as members of the counsel of administration of the State encampment: F. W. Dodenhoff and Frank J. Lawler, of Norfolk; J. S. Hardy and L. A. Ladder, of Portsmouth; George M. Skipworth and E. B. Loving, of Richmond; Peter N. Barksdale and John B. Comer, of Roanoke.

Ellenboro, N. C., Jun e20.—The 16-year-old dauhter of Bud Dobbins, a well-known farmer, who lives near Cliffside Junction, was struck and instantly killed by lightning during a heavy rain and electric storm which passed through this section this afternoon. The mule hitched to the wagon in which Miss Dobbins was riding was also killed.

New York, June 20.—The new White Star Liner Olympia, the largest steamer afloat, passed Fire Island on her maiden voyage across the Atlantic at 12:17 P. M. This point is 75 miles from the New York water front and the steamer will dock in this city about 8 o'clock this morning.

SACRED HEART FINALS.

Interesting Commencement Exercises at College at Belmont, N. C.

Belmont, N. C., June 20.—An interesting audience witnessed the 19th annual commencement of the Sacred Heart College last Tuesday. The following short but select musical programme was rendered by several members of the Music Department.

Processional — Militaire Marche — Schubert ..Misses Mock and Moore.
Voices of the Woods .....Watson. Chorus.
Duet—Invitation to the Dance—Von Weber...Misses Williams and Moore.
Class Poem ....Miss Nellie Murphy.
Recessional—Festive March—Gielman ..... Misses Murphy and Truckner

The degree of Bachelor of Accounts was conferred upon Miss Katherine Reilly, Wilmington, N. C., and Miss Frances Burns, Fayetteville, N. C. Certificates for completing special courses in commercial department were awarded to Miss Nellie Murphy, Savannah, Ga., and Miss Ella Gillerlain, Wilmington, N. C. Testimonials for completing the preparatory course in music were awarded to Miss Edith Moore, Charlotte, N. C., and Miss Helena Mock, Savannah, Ga.

The scholarship medal for having made the highest average in Sacred Heart College during the year, was awarded to Miss Mary Forde, Virginia, Va. Gold medal for scholarship in second academic class, Miss Anne Daley Mehegan, Kinston, N. C.

A pelasing feature of the programme was a very pretty class poem complimentary to the two graduates, composed by Miss Nellie Murphy, recited by her sister, Miss Annie Murphy.

The programme was followed by the awarding of medals and distribution of premiums to the boys of St. Leo's Hall. This institution designed as a preparatory school for boys under 12 years of age, whose parents contemplate entering them at St. Mary's College, was opened for the first time last September and the progress made has been most satisfactory. The gold medal for good conduct was awarded to Master Charles Mehegan, Kinston, N. C. Gold medal for scholarship in third class, John Conneff, Jr., Savannah, Ga. Gold medal for scholarship in second preparatory class, Master Charles A. Williams, Charlotte, N. C.

At the conclusion of the programme the Rt. Rev. Leo Haid, O. S. B., D. D., made a few chosen remarks and pronounced the benediction.

NO NICARAGUAN REVOLT.

Gen. Estrada Denies Report of Unrest In His Country.

New York, June 20.—General Juan J. Estrada, the recent revolutionary president of Nicaragua, tonight made a most emphatic assertion that he had not the slightset idea of stirring up another revolution in Nicaragua.

"Ridiculous," he characterized the reports that he and General Moncada, one time Minister of the Interior, who also is in New York, are negotiating with bankers for funds with which to start another revolt against Diaz, the present incumbent of the presidential chair of Nicaragua.

"Diaz," he said "is my personal friend and one who aided me in the revolution and I would be the last man to turn against him. I would be the first moreover to fight those who prevent to disturb the peace which he has established in Nicaragua."

General Estrada gave four reasons for coming to the United States: First, to place four of his children in school; second, to aid his country in floating a loan; third, to study cattle raising and dairy farming, and fourth, just for the trip.

General Estrada, General Moncada and Senor Cabrera, a third Nicaraguan, had met here mainly by accident, he said. Cabrera is a rich coffee planter whose business had brought him here and he had no connection with any revolution, added Estrada.

The reports of a revolution movement in Nicaragua, he characterized as having been given out by enemies of his.

"Should there be any movement against the government of President Diaz," said Senor Estrada, "we would be the first with him to fight those who pretend to disturb the peace of Nicaragua, and more so if the revolutionary movement referred to should be Zelayaista."

ELKINS DEFAULTING TAXPAYER

Charged in Motion for Judgment Against Davis Trust Co.

Elkins, W. Va., June 20.—A motion for judgment against the Davis Trust Co., former Senator Davis Elkins and S. B. Elkins, Jr., as executors of the last will and testament of the late United States Senator S. B. Elkins, has been filed by Prosecuting Attorney H. G. Kump, at the Randolph county circuit court clerk's office.

The motion alleges that Senator Elkins was a defaulting taxpayer and that he has forfeited to the State of West Virginia the sum of $375,043.40 in the year 1909; $297,773 in the year 1910, and by his executors $341,910.90 in the year 1911, making in all, with interest, the sum of $1,087,697.90, which the prosecutor claims must be paid over to the State of West Virginia by the executors, for the senator's failure to properly list his property for taxation.

In the motion the State alleges that the late Senator Elkins failed to give to the assessing officer a true list of all his property, which should be assessed in Randolph county.

The prosecuting attorney gives notice that on the 10th day of October he will move the court for judgment against the executors of the estate.

MR. DOCKERY'S CONDITION.

Prominent Rockingham Attorney Showed Improvement.

Rockingham, N. C., June 20.—The physicians report today a slight improvement in the condition of Mr. Alfred Settle Dockery, who has been dangerously ill for the past three weeks with typhoid fever. During the past twenty-four hours there has been a perceptible change for the better in most all of his symptoms. He passed a quiet and restful night last evening and today his temperature is lower by several degrees than it has been in many days. His physicians seem to be more hopeful and his relatives and friends have taken renewed confidence that he will win out in the strong fight that he is making for recovery.

HORACE HAVEMEYER TESTIFIES.

Tells Interesting Phase of So-Called Sugar Trust.

Washington, June 20.—The consolidation of the National, the New York and the Yonkers refining companies into the National Sugar Refining Company of New Jersey was effected by the late president, Henry O. Havemeyer, of the American Sugar Refining Company, as "an act of philanthropy," according to his son, Horace Havemeyer, who testified today before the House Special Committee on the investigation of the so-called sugar trust affairs. Mr. Havemeyer, who will continue his story of sugar corporation coups tomorrow, said that his father saw that the three companies were practically "busted," that they were "about on their last legs," and "he haw himself in a position where he could either bust up all these fellows or take them all in, and he took them all in."

The witness said that his father's purpose in this combination was to preserve the properties and their stock holders and make their operations a success. "I got that evidence from my aunt, Mrs. S. T. Peters, who was a very close associate of his, and about the only person to whom he talked, except to my mother, in regard to business matters." The witness said that he thought his father's original intention was to sell this $10,000,000 National common stock to the American, making it a part of the American, but he was advised by John D. Johnson, of Philadelphia, that "it was not only improper but possibly illegal."

Mr. Havemeyer said that he did not think his father went in and out of the sugar market. He told of the litigation now pending involving his ambition to control a National company by purchase of 51 per cent. of the preferred stock and make a legitimate competitor.

Discussing his father's reason for selling his comparatively small holding about 1,200 shares of the American Sugar Refining Company, the witness said:

"I think he sold it to stop a set of speculators from putting up the stock to where it was bound to result in a terrible break in the market and to injure what he considered were the people entitled to protection. Some man accused him once of running that company for his own benefit and for stock manipulation. I think it was White, the receiver appointed with him in the case of this North River Sugar Refining Company. It made him so sick that he cleared out, as I understand it."

Mr. Havemeyer declared the combination of three companies into the National Sugar Refining Company had the effect of increasing trade.

"And decreasing competition," suggested Chairman Hardwick.

"No," corrected Mr. Havemeyer. "The production of the National has been 100 per cent greater than that of the three separate companies."

"Oh, I will admit that competition was reduced added the witness a moment later, "but through the National these properties were put upon their feet and made able to compete harder with outside companies."

Representative Sulzer suggested that if the witness gained control of the National he might want to combine with the American.

"No, I want to have a say about my own affairs, and if I did that I know I could not," was the reply.

The subpoena of the House was today sent to the United States marshal at Salt Lake City, to be served on Joseph F. Smith, head of the Mormon church, requiring his presence before the committee.

UTAH LEAVES SHIPYARD.

Will Make Official Trial Off New England Coast.

Philadelphia, June 20.—The battleship Utah, the largest warship so far completed for the United States navy, lefet the New York Shipbuilding Company's yards at Camden today, for her official trial off the New England coast. The new dreadnaught must develop a speed of 20 3-4 knots an hour to comply with the government's requirements. The speed test will take place probably next Monday over the measured course off Rockland, Maine.

The big battleship was given a noisy send off by al sorts of craft on the Delaware river.

DETROIT BUYS ROBERTSON.

Gives Up College Baseball to Accept Big Offer.

Elizabeth City, N. C., June 20—President Navin, of the Detroit American League team, today wired an offer of $500 a month for the season with a bonus of $1,000 to Dave Robertson, Elizabeth City's southpaw twirler and all round player. Robertson announced that he had decided to give up his athletic career at the State Agricultural and Mechanical College and accept the offer. He has not been notified when to report.

New York, June 20.—The difference between the coastwise steamship companies and their seamen were adjusted tonight bringing to an end the strike against the Morgan Line and averting a threatening general strike of the coastwise seamen. The agreement was reached at a conference of company officials and representatives of the union tonight.

Dissolution of Co-Partnership.

Mr. F. A. Lord having purchased the interest of Mr. Joseph D. Smith in the firm of Smith & Lord, the co-partnership heretofore existing is this day dissolved. Mr. Lord assumes all accounts due by the firm and all accounts due the firm are payable to him.

JOSEPH D. SMITH,

CLUB MEN HEAVILY FINED.

Park Driving Organization Must Go Out of Business in Charlotte

Charlotte, N. C., June 20.—L. O. Wilson, manager of the Park Driving club since its organization in 1902, this morning in Recorder Smith's court, plead guilty to a technical violation of the law governing the social clubs of the city. The judgment of the court was:

"That defendant surrender his city license issued to the Park Driving Club with the request that the same be cancelled; second, that the charter of the Park Driving Club be dissolved according to law; third, that the defendant give bond of $500 for twelve months to remain on good behavior and not to become associated with any club or other organization where beer or liquor is handled; fourth, that he pay a fine of and the costs of the action in the case, and that he faithfully perform all the conditions of the charge."

This is the fine placed upon W. T. Blackman and E. L. Johnson of the Commercial Club week before last. However, it was stated in open court at the time that Blackman would pay his own fine of $200 and the $100 fine of Johnson, his assistant also. Thus making the fine of Blackman equal to that placed upon Wilson this morning. They were both managers of their respective clubs.

Albany, N. Y., June 20.—The Senate tonight passed the Cuvillier bill restoring by the State to the R. E. Lee Confederate camp at Alexandria, Va., a Virgina flag captured in the Civil War.

Vienna, June 20.—It is now known that 18 persons were killed and 25 severely injured, some of them fatally, when troops fired a volley into a crowd of election rioters at Drohobycz yesterday.
